

BOY OF PRESIDENT LIES IN STATE UNDER GREAT CAPITOL DOME

Impressive Services at Washington To-day Mark Grief of American Nation; Thousands File Past Bier to Render Last Homage to Departed Leader.

Washington, Aug. 8.—(Associated Press)—A swelling tide of honors bore Warren G. Harding to-day back over the road by which he came, triumphant, to the Presidency two crowded years ago. For him, the urge of ambition was ended, the compelling call of duty stilled in death. Amid the tens of thousands of his silent countrymen grouped along the way he passed in such state as only the great dead of the nation may know. And beyond the brief hour of the ceremony of sorrow, there awaited for him rest eternal on the soil that gave him birth.

Marching Legions.
Down the wide avenue he was carried to-day with marching legions tramping ahead to lay him under the dome of the Capitol, while, ere he goes back to his native state to stay forever. That high resolve of duty had brought his death, and with it the peace and quiet he loved, but which he had set aside at the nation's call.

Glittering Steel.
With General Pershing riding ahead, the marching thousands of the escort led the way, the steel of the bayonets glittering on the rifles, soldiers, sailors, marines and citizen soldiers, all were there, and behind them came the new President, still bowed in grief that his high office came at such a price. Came also two men who before him had held that office, one to be stricken like himself and so crippled in illness that he might not give himself as he would to the sorrowful duty of the day. Behind these, in endless array, marched the great body of American citizenry and the men who keep the wheels of the government moving in the huge, silent buildings. Military bands interspersed in the columns, played old, old hymns that stir and comfort. The hush and dim mystery of last night, when the flag-draped casket came to its brief space of quiet in the White House, was lacking. But there was no sound or movement in the great crowds that lined the way until that fateful burden under its colorful, glorious bunting had been carried by the silent file to the great stone chamber of the Capitol rotunda.

Services Impressive.
There, in keeping with the simplicity of the man who lay dead, the funeral services were of brief, impressive nature. Afterward, in its place of honor beneath the dome, the body was to lie until tonight, while thousands upon thousands filed past the bier with bent, uncovered heads to bid farewell to the upright, kindly man so soon to leave Washington for ever.

Only as the procession started did it become known that Mrs. Harding had been with the body in the East room for half an hour at 1 o'clock this morning. She was alone at times and at other times attended by one or two relatives. But while officials were gathered at the funeral hour to take up their places in the cortege, she remained in her room, alone with her grief.

Pitiful Picture.
Mrs. Harding was heavily veiled, her frail figure making a pitiful picture amid the splendor and pomp of the great honors to which, by a full measure of devotion, she had attained and inspired the nation to achieve. On one side of her walked Secretary Christian, on the other Brig. General Charles A. Sawyer, her life-long friend in Marion and the President's physician.

Just before in the East room, she had stood with these same friends and with the new President, the Cabinet and members of the Supreme Court, at a brief prayer service, beside the bier. At the end and just before the casket was taken to the funeral home, she had been seen to repeat the "Lord's Prayer."

Before the little woman, fighting to remain calm in the shadow of her grief, had entered her room, all the other members of the funeral party had taken their places.

Woodrow Wilson There.
Woodrow Wilson had come from the seclusion and quiet of the White House to pay his last respects, where he awaited his summons from the Creator, to show his respect and ease a genuine sorrow. Only a short time ago he rode outside the White House in the full bloom of vigorous life, about to take up the burden that he was laying down. Harding's consideration for the sick man beside him touched every heart and dimmed many eyes that day it touched Woodrow Wilson's heart as few things had, and put his heart upon his sleeve. Little did anybody dream that Woodrow Wilson would be helping lay Warren G. Harding under the sod, but death had given a respite to the one and abruptly summoned the other.

Taft a Mourner.
William Howard Taft, loved by all who know him, was in his place in the cortege and saw the body of his friend, the Chief Justice, who was personally his as well as the great branch of the Government which he represented.

SENDS GREETINGS TO COOLIDGE; KING ALBERT OF BELGIUM

Brussels, Aug. 8.—The Government has decided to half mast the flags on all public buildings, the day of President Harding's funeral, this being the first time such a measure has been taken by Belgium on the death of a foreign chief of state.

Memorial services will be held in the American Methodist Mission Chapel on Friday.

Brussels, Aug. 8.—King Albert has sent the following cable to President Coolidge:

"At the moment that Your Excellency is about to preside over the destinies of the strong and noble American nation, to which we are bound by so many bonds of gratitude and friendship, I beg you to accept my best wishes, both for the prosperity of the United States and your own happiness during the term of your magistrature."

With all the members of the Upper House of Parliament standing, the President of the Senate paid a tribute to the memory of President Harding yesterday afternoon.

ASSAULT CHARGE BY AFRICAN PRINCE

King of Dahomey's Nephew Expelled From Paris Cabaret

Paris, Aug. 8.—Prince Hajo Tovalou Houenou, nephew of King Behanzin of Dahomey, has filed a charge of assault and battery against the manager of a Montmartre night cabaret, alleging that he and a negro friend were expelled from the establishment because some of the customers objected to the presence of negroes. The prince, who is a member of the Appeal Court bar, contended that, despite his friend's thrown into the street, where the police took them into custody.

PLANNED IMPROVEMENTS AT TOURISTS' CAMP

Community Hall Is Among New Features for Next Summer

Of forty-eight motor camps in the Pacific Northwest, the Victoria camp at Curtis Point remains open for a longer period than any others, with the exception of Medford, Oregon. The Victoria camp, which opened on May 16, will remain open until the middle of October. The Medford camp is open from April 1 to December 1. Victoria's charge of fifty cents a night for automobiles in camp is also among the lowest charges on the list. There are few camps which charge as low as 25 cents, and twelve cities make no charge at all, but these are mostly in small cities where presumably the same accommodation is not offered the tourists. Six camps with time limits of ten days have longer limits than the seven-day limit Victoria offers, but no location except Victoria has been allowed to extend their registrations by making a second application. Washington far exceeds any others in the number of camps. Of the forty-eight in British Columbia, Idaho, Montana, Oregon, Wyoming and Washington list, no less than thirty-three of the camps are in Washington.

EXUMINATION OF REMAINS REFUSED

University of Georgia Sought to Enshrine Its Founder

London, Aug. 8.—The University of Georgia has been refused permission to search for the remains of its founder, General James O. Oglethorpe, at Cranham, Essex, where he was probably buried and where there is a monument in a church commemorating him, says The Daily Mail.

FREE INSULIN TREATMENT FOR POOR PATIENTS

Toronto, Aug. 8.—Through the efforts of Ontario's new Minister of Health and Labor, Dr. Forbes Godfrey, diabetes patients throughout the province, who require and are unable to pay for insulin, Dr. F. G. Banting's new discovery, are to receive it free.

FLAGS WILL BE LOWERED IN BELGIUM

Brussels, Aug. 8.—The Government has decided to half mast the flags on all public buildings, the day of President Harding's funeral, this being the first time such a measure has been taken by Belgium on the death of a foreign chief of state.

Memorial services will be held in the American Methodist Mission Chapel on Friday.

AMERICAN GOVERNORS TO ATTEND LOYALIST CELEBRATION IN EAST

Belleville, Ont., Aug. 8.—Governors of thirteen of the States of the United Empire will attend the United Empire Loyalist celebration here next June, it was stated here to-day by W. C. McKell, general manager of the demonstration, in memory of the one hundred and fortieth anniversary of the coming of the Loyalists to Upper Canada. Among others to be present are General Putnam, descendant of one of Washington's generals, and Samuel Gompers.

SIDNEY REJOICES AS DR. SUTHERLAND OPENS FINAL LINK WITH CITY

Broad, Smooth Paving, Thrown Open Last Night, Brings Victoria Fifteen Minutes Nearer Ferry Terminus and Fulfills Dream of Pioneers; Minister Praised By Delighted Residents.

(By Times Staff Representative)
Sidney, B.C., Aug. 8.—Driving his high-powered car through a gay barrier of ribbon stretched across the smooth gray paving, Hon. W. H. Sutherland, Minister of Public Works, last night opened the new cement highway which runs from the centre of Victoria through the heart of the Saanich Peninsula and into Sidney. Sidney people, gathered about the ribbon barrier, cheered as Dr. Sutherland's car tore through it and raced on down the paving towards Sidney, for the road opening is a big event in the history of the Peninsula. It makes Sidney, already the landing place of American motor ferries, the terminus of one of the finest trunk highways in Western Canada, and brings it about fifteen minutes nearer Victoria.

Members of the Sidney Board of Trade, who have been advocating the construction of the new road for years, allowed their delight at the completion of the project last night at a banquet in Beach House, where Dr. Sutherland, Mr. B. Jackson, M.P.P. for the district, and a number of Victoria Chamber of Commerce members were entertained.

Link With Victoria.

"This is a big event for us—the opening of this splendid highway," said Mr. B. Jackson, M.P.P. for the district, Blackburn, of the Sidney Board of Trade.

"We feel proud that we are linked up with the Capital City of British Columbia with a road better than Victoria's main street. We certainly appreciate you Victoria people coming out here to celebrate with us the opening of this splendid highway."

Mr. B. Jackson, M.P.P. for the Islands, was introduced by Mr. Blackburn as the "Santa Claus of Saanich" who, he said, had brought many good things to the Peninsula, and who was last night celebrating his fiftieth birthday. Mr. Jackson promptly replied that in addition to his one thousand pounds prize, Henry Sullivan wins the silver cup offered by Adolph Alexander, president of the Channel Swimming Club. The cup is a fine trophy, three feet in height and containing 375 ounces of silver.

(Concluded on page 16.)

POWER EXTENSION TO SERVE ISLAND INDUSTRIES PLANNED

Definite announcement of the up-Island extension of the B. C. Electric Railway Company's high power transmission line is expected within the next few days by A. T. Goward, vice-president of the company at Victoria, from George Kidd, president of the railway. Development prospects on Vancouver Island have created the demand for the extension of the line, and the municipalities of Duncan and Ladysmith, as well as the Nanaimo Light, Power and Heat Company, have been negotiating with the B. C. Electric Company through its auxiliary, the Vancouver Island Power Company, in conjunction with a number of industrial concerns.

Mr. Goward has presented his report, and Mr. Kidd is now going over the situation in detail and will probably state within the next few days whether the work will proceed or not. Should the answer be favorable, there will be no delay in making arrangements to connect up the districts named with the new power development. The exact route of the power transmission lines, however, has not yet been mapped out, and a survey has yet to be made before the work can be proceeded with. Should the answer from Vancouver be in the affirmative it would probably be six or eight months, Mr. Goward stated this morning, before the districts could be connected with the company's high power transmission line, which at present stops at Bamerton.

(Concluded on page 4.)

HON. ARTHUR COPP REPRESENTED CANADA AT STATE FUNERAL

Washington, Aug. 8.—Canada was officially represented at the funeral services to-day for the late President Harding. Hon. Arthur B. Copp, Canadian Secretary of State, came here at the instance of the Dominion Government. He paid his respects to Secretary of State Hughes, who made it plain that his presence here was deeply appreciated by the United States Government.

Mr. Copp participated in the services with the British diplomatic group.

INTEREST IN PORTSMOUTH IS NOT KEEN

Election Enthusiasm Waning After Three Contests in Nine Months

London, Aug. 8.—(Canadian Press Cable).—The electors of South Portsmouth doubtless are as public spirited as the electors of any other constituency in the United Kingdom, but having had three elections within nine months, including the present by-election, they find it rather difficult to raise any great enthusiasm in the present holiday season.

The two previous elections were those of the general election last November, and the by-election consequent upon the resignation of Major Hergert, Cayer, Conservative, in favor of Lieut.-Colonel Leslie Wilson, Conservative whip, who had been defeated in his own constituency.

Colonel Wilson's appointment as Governor of Bombay, India, has now necessitated another election.

CLEAN FIGHT

Major Cayer is the Conservative candidate in the present contest and he is being opposed by General Lawson, Liberal. Each is making an energetic effort to win a seat, as far as the two candidates are concerned, the fight is clean enough, but there is a certain element that is heckling Cayer on matters not connected with politics.

SHOT SWEETHEART BEFORE FAMILY

Murderer Escaped From Hamilton But Was Arrested in Toronto

Toronto, Aug. 8.—Four hours after George King, who shot and killed Eerie Johnson, his 17-year-old sweetheart on the veranda of her home in Hamilton, in full view of her parents, sisters and brother, he was placed under arrest in Toronto on a charge of murder. He will be taken back to Hamilton to-day.

Immediately after the murder last night King jumped into a parked automobile and escaped to Toronto. He entered a local restaurant at 2.30 this morning and telephoned police headquarters, stating that he had shot his sweetheart in Hamilton and was going to end his own life in the lavatory of the restaurant. Constables were hurried to the scene and found the body of the girl lying on the veranda of her home.

King went to the Johnson home fully prepared to shoot the girl. There was no quarrel. Kissing his sweetheart good night, King said: "Here, Eerie, take this note and post it." As the girl reached out for the note, King whipped out a .38-calibre revolver and fired point blank. King had only been keeping company with the girl for three weeks.

RUHR FRONTIER CLOSED TO TRAVEL

Action Caused By Recent Disturbances in Occupied Area

Dusseldorf, Aug. 8.—As a result of various disturbances in this area during the week-end the frontier between occupied and unoccupied Germany will be closed to ordinary travelers for a week beginning at midnight to-morrow.

The special red permits issued at the time of previous closures will still be valid but travelers without special and urgent business will be stopped. The French announced that the necessary measures will be taken to assure normal transportation of foodstuffs.

TO RETAIN PAPER CURRENCY

Berlin, Aug. 8.—Dr. Johannes Becker, Minister of Economics, is reported by the Vossische Zeitung as saying that the Government does not intend to abandon paper mark currency as was rumored yesterday. He added that the Government was resolved to do everything possible to support the mark and that it would not cancel measures already taken toward this end.

TRADING SUSPENDED

New York, Aug. 8.—The New York stock and other exchanges suspended business from 11 o'clock as a mark of respect during the funeral services in Washington for the late President Harding.

NEGOTIATIONS WITH FRANCE IMPOSSIBLE, CUNO REITERATES

German Chancellor Says England Made Liberal Concessions to France, But Convinced Sympathy Not Present In Attitude.

VATICAN SEEKING TO CLARIFY SITUATION IN OCCUPATION ZONE

Agitation Among Ruhr Workers Becoming More Serious With Frequent Outbreaks, French and German Sources State.

Berlin, Aug. 8.—The French procedure in the Ruhr and the Rhineland makes negotiations with France wholly impossible, Chancellor Cuno told the Reichstag this afternoon, in the course of his promised review of the international situation.

Referring to the present stage of the Anglo-French conversations in the reparations question, the Chancellor said: "In her endeavor to continue cordial relations with her comrade in arms, England undoubtedly made liberal concessions to France, and while it is not up to us to pass judgment on them, we, at the same time believe ourselves free of the folly of expecting sympathy in quarters where we knew it was not present."

ROAD ACROSS PROVINCE BY END OF 1924

Government Plans Last Link of Trans-Provincial Highway

The trans-Provincial Highway, stretching from Vancouver clear across British Columbia and into Alberta, will be completed by the end of next year, under the present plans of the Public Works Department, Hon. W. H. Sutherland, Minister of Public Works, announced during his speech at Sidney last night.

By the end of next year we hope it will be possible for the motorist to start in Vancouver, drive through the Interior of the Province and then through Fernie and the Crow's Nest Pass to the prairies," Dr. Sutherland stated.

"It will be possible also to swing north into the Cariboo, up to Prince George and then westward into Hazelton," the Public Works Minister added.

Only one link in the trans-Provincial Highway remains to be completed now. This is from Hope over the mountains eastward. Dr. Sutherland's statement was taken as an assurance that this road would be built next year. Automobile tourist and good roads organizations have been advocating the installation of this last link in the highway across British Columbia for some years. They believe that with the completion of the highway large numbers of motorists will travel across the Province and that the Coast will reap much of the advantage of the tourist travel which is being attracted by the Banff-Windermere Highway, a magnificent new road loop through the heart of the Rocky Mountains.

New roads which are planned by the Public Works Department now will give British Columbia people an opportunity to see the finest scenery in the world without leaving their own Province. Dr. Sutherland declared. The trans-Provincial highway, he explained, would enable Coast people to drive into the Interior with ease. The highway also would make it possible to drive into the romantic old Cariboo country, scene of one of the world's greatest gold stampedes, the rush of '62, and up to the north, around Prince George and Hazelton.

BRITISH LABOR LEADER COMING

Frank Hodges Delegate to Trades and Labor Congress

Montreal, Aug. 8.—Frank Hodges, youngest of the prominent labor leaders in Great Britain and secretary of the Miners' Federation of Great Britain, arrives in Montreal on August 26, on his way to Vancouver, where he is fraternal delegate to the annual convention of the Trades and Labor Congress of Canada.

TRANSPORT WORKERS UNION IN BRITAIN NOW PROSPEROUS

London, Aug. 8.—The Transport Workers' Union is in a prosperous condition, according to the annual report which has been made public. Twenty unions recently have amalgamated. The membership was 200,000 on January 1, since which time Scottish dockers, North Wales quarry men and craftsmen have joined the Transport Union.

On the political side the union has financed the election of seven members to the House of Commons and has established a precedent by sending a deputation to investigate the conditions in the Ruhr Valley.

SEEK WESTERN SUPPORT
Toronto, Aug. 8.—A formal effort to organize the people of Western Canada to support the League of Nations is to be made by Sir George Foster in the course of a lecture tour, which he is commencing immediately.

CASH FOR GENIUS

QUARTER MILLION DOLLAR FUND TO AID
AMBITIOUS BOYS

Can cash bring out genius? Can money stimulate ambition? Julius Forstmann, wealthy philanthropist, and his wife, wanted to find out. So they set aside a fund of \$250,000 to assist the youth of the country "to attain to a large measure of self-realization and social usefulness."

And now they are swamped with applicants. So great has the rush become that a special office has been opened with a large corps of workers to handle the claims.

Boys who want to get an education and can't afford it, men who have a pet invention but no money to put it over, visionaries who would rearrange the world, if only they had the chance—are all striving to get their share of the fund.

Back of it all is the memory of a boy who died when he was eighteen. Carl Forstmann was the son of the philanthropist, a millionaire textile manufacturer in the East, and it is to his memory that the fund has been named the Carl Forstmann Memorial Foundation.

"The fund is not an endowment with only the interest available," says Forstmann. "It is a working capital, every last cent of which will be used. Neither will it be limited necessarily to \$250,000."

"I want to assist boys and young men who are hampered by financial circumstances to attain their ambitions. If they have ability and character I believe I can help them. At the same time I want to perpetuate the influence for intelligence, integrity and industry which would have been my son's had he been permitted to live."

Grants, according to the Forstmann plan, may be either awards or loans. A committee of representative business men and a pastor has been appointed which will expend the money for "education or training of any grade, degree or kind; the prosecution of useful experimentation and research; physical correction and rehabilitation; the realization of any particularly worthy ambition, which with assistance, offers a strong likelihood of success."

tion was granted him by the Angora Assembly. "Yes."

SALES OF CARS BY GENERAL MOTORS REACH 176,320

The combined sales by the car and truck divisions of General Motors in the first quarter of this year totaled 176,320, compared with 71,031 in the corresponding quarter of 1922. The sales by divisions follow:

Passenger cars—	1922	1923
Buick	59,289	21,947
Cadillac	6,046	5,419
Chevrolet	100,855	32,369
Oldsmobile	6,096	5,943
Oldsmobile	7,281	3,440
Commercial cars—		
Chevrolet	575	577
G. M. C. Trucks	1,833	789
Oldsmobile	305	205
Totals—		
Passenger cars	172,607	67,107
Commercial cars	2,713	1,562
Miscellaneous	2,362	
Grand total	176,320	71,031

Miscellaneous includes tractors, also cars and trucks not now manufactured.

Loose battery cable may cause misfiring.

UNUSUAL ACCIDENT.

Ernest C. Foulde, an employee of the British Columbia Electric Railway, fell from the rear window of his car in the car barn, Pembroke Street, this morning, and into the pit, a distance of eleven feet. The man was supposedly working with the trolley rope. He was rushed to St. Joseph's Hospital, arriving there about 10.30 o'clock, where he has remained in a state of unconsciousness since. Dr. J. F. Grant is in attendance. Whether or not the man's condition is serious has not as yet been ascertained. His skull is believed to be fractured.

"LADDIE BOY" IS PATHETIC FIGURE

Pet of Late President Harding
Grieves for Loved Master

Washington, Aug. 8.—Laddie Boy, said his last goodbye to his master in the east room of the White House this morning. The dog was solemnly around the bier lying under the great crystal chandelier and poked his nose in the flowers, as if looking for the master he knew was there but could not see, and then turned brown eyes on the White House attaches with an inquiring look which was too much for them to endure without their own eyes turning misty. Laddie Boy knew his master was back in the house but he seemed to sense that for some reason he could not see, and then turned brown eyes on the White House attaches with an inquiring look which was too much for them to endure without their own eyes turning misty. Laddie Boy knew his master was back in the house but he seemed to sense that for some reason he could not see, and then turned brown eyes on the White House attaches with an inquiring look which was too much for them to endure without their own eyes turning misty.

OBITUARY RECORD

At Mount Pleasant Crematorium, Vancouver, on Monday the Knights of Pythias funeral services were held for Emil Pfedner, of Victoria. The late Mr. Pfedner was a charter member of the first lodge of K. P. instituted in B. C., Far West Victoria No. 1, and has been grand keeper of records and seals of the grand lodge of B. C. for the past twenty-nine years. A large turnout of Pythians were present, and the ceremonies were in charge of Grand Chancellor George Hoper, assisted by Supreme Master at Arms E. S. H. Winn and Supreme Representatives George Miller and James Brown.

Alderman Leeming, Alderman Sargent and Alderman Woodward, with City Solicitor Pringle have been requested by Mayor Hayward to act as a committee to consider town planning matters. The by-law on building lines and the request of Premier Oliver for any opinion or recommendation on the Town-Planning bill introduced by Mrs. Ralph Smith at the last session of the Legislature, will be considered by the committee.

Thousands of perfectly good miles of tire service are thrown away annually by motorists. It is all done innocently on the part of the car owner through misalignment of wheels. When misalignment is extremely bad, the motorist must notice it, but in the lesser cases it cannot be detected without an accurate test, say Miller tire men. Most up-to-date tire service stations are equipped with specially constructed instruments for testing alignment. Many gas filling stations also use them while the car is stopped to be filled with gasoline. Almost any tire service station will test alignment for the asking and will be glad to point out and correct the cause of trouble.

SUTHERLAND ON MAINLAND

Hon. W. H. Sutherland, Minister of Public Works, accompanied by P. Philip, Chief Public Works Engineer, crossed to the Mainland last night after the Sidney Road opening, to inspect roads on the outskirts of Vancouver to-day. They will return to Victoria to-morrow.

Keep the fuel line clear of dirt and sediment.

CAR DESTROYED

Near Tillicum station is the burned-up remains of a motor car whose ownership is not known to the police, nor to the firemen who went to the scene. It was completely demolished at the intersection of Burnside Road and Tillicum Roads during Monday night. Passing motorists aided in extinguishing the flames.

There were more automobiles stolen in the United States last year than all the cars owned in Austria, Bulgaria, Germany and Turkey. These cars were valued at approximately \$100,000,000, and many were destroyed or damaged by fire or accident.

MEASURES CONSIDERED
TO CONSERVE TIMBER

Ottawa, Aug. 8.—That Canada's future timber supply can never be obtained from planted forests was the opinion expressed in a paper read by Dr. C. D. Howe, Dean of the Forestry Faculty, of the University of Toronto, at yesterday afternoon's session of the British Empire Forestry Conference.

Dr. Howe told of the exploitation of Canada's wealth which had taken place in the past and while this had made tree planting necessary in certain of the older settled parts, he did not think Canada could look to that source for its future timber.

Dr. Howe dealt comprehensively with the timber situation, confronting the Dominion. He indicated policies which would best be calculated to conserve the supply of timber and stressed the necessity for the creation of forest reserves while there is yet time.

C. D. Robinson, of the Forestry Commission, in commenting upon Dr. Howe's paper, felt that the outstanding point to stress was the lack of forest reserves in Eastern Canada. Forests of Eastern Canada, he pointed out, had been depleted and fires had been universal. He thought that the foremost aims of Canadian forestry proponents should be re-

habilitation of areas and prevention of degeneration.
E. J. Zavitz, Chief Forester for Ontario, stated the problem of protecting forests in his province from fire was so pressing that it would overshadow other forestry activities for some years to come.

Speakers contributing to the debate were: Brigadier-General J. R. White, Professor Troup, of Oxford; E. Wilson, forester for the Laurentide Paper Company; P. Z. Caverhill, Chief Forester of British Columbia; Sir James Caldwell; Mr. Prince, Chief Forester for New Brunswick; G. R. Naden, Deputy Minister of Lands for British Columbia; Mr. Trevor, of the India forest service; Mr. Forbes, of Ireland; F. Storey and the chairman, Lord Lovat.

ANCIENT CODE
OF HONOR AGAIN
REVIVED IN FRANCE

Paris, Aug. 8.—Paris has taken one more step back to pre-war conditions by reviving duelling. Two barristers who insisted on settling a personal difference with duelling swords revived a procedure which, since the war, has appeared ridiculous even in the eyes of the French, who still maintain that there are some disputes that can only be decided "on the field of honor."

General opinion, however, is still against duelling for anything short

of the gravest reasons, and one writer regretting its revival has suggested that a new article in the duelling code should prescribe that encounters can only take place in the devastated regions, close to a battlefield or in a military cemetery. "Few are the adversaries," he says, "who, facing the wooden crosses of so many Frenchmen, killed in the most formidable duel in history, will not find their own quarrel ludicrous and fall in each other's arms."

LUMBERMEN IN
WASHINGTON WANT
LOWER LOG TARIFF

Washington, Aug. 8.—Following preliminary hearings on the question of the tariff on logs, the Commission is expected to make an early decision on jurisdiction. It is decided it has jurisdiction, then it will later hold hearings on the merits of the matter.

The question is before the Commission on application of the Washington Lumbermen's Association, the Lumbermen's Association of Seattle and others for a fifty per cent. reduction in the tariff of \$1.00 imposed on logs of Western hemlock, spruce, and fir.

SWEDEN QUESTIONS
IMPORT OF LEAGUE
IN WORLD AFFAIRS

Reply Says Cannot Have Universal Character Without States, Germany, Russia

Stockholm, Aug. 8.—The Swedish Government has just published its reply to the inquiry circulated by the general secretary of the League of Nations as to whether the various members of the League favored a special pact for general reciprocal guarantees, stating that, in its present form and under present conditions, the League cannot endorse the proposal.

The Swedish reply says that as long as the United States, Germany and Russia are not members of the League it cannot be looked upon as having a universal character. Although the League has gained in power and authority during its three years of operation it cannot yet be considered strong enough to deal effectively with the larger international problems which are now menacing the peace of the world, and Sweden thinks that the guarantee system proposed would be of little value without the powerful authority that might come from universality of membership.

The Government holds that if Sweden, with her established relations with foreign countries, were to sign the guarantees proposed she would expose herself to comparatively larger risks than those of other states. It would be impossible, says the reply, for a Swedish Government, under the present status of political unrest in the world, to propose to the representatives of the people that they enter into international obligations which might lead to military measures not compatible with Sweden's vital interests and national independence.

KNIGHTS OF COLUMBUS
MESSAGE OF SYMPATHY

Montreal, Aug. 8.—The first act of the forty-first international convention of the Knights of Columbus here yesterday was to pass a resolution expressing regret at the death of President Harding and sympathy with Mrs. Harding.

Supreme Director George Bolvin, in the name of the 55,000 members of the Knights of Columbus in Canada, presented Supreme Knight James A. Flaherty with a history of the Catholic huts work for Canadian service men throughout the war.

In his address to the convention, Supreme Knight Flaherty challenged all critics of his administration of the order to prove that the Knights of Columbus had in any way been false to their trust after the American public had donated \$40,000,000 for them to continue their welfare work. He declared the Knights would hold to account all who slandered them, and that the order also would remain in welfare work in hospitals and in schools until the last man had been cared for. He stated that the Knights had operated at a rate of \$1,200,000 a year, caring for approximately 30,000 men.

Supreme Secretary William McKinley reported a total membership of 800,000.

The young wife sat plying her needle. A coat of her husband's was in her lap. As the husband appeared, she said, fretfully:

"It's too bad, the careless way the tailor sewed this button on. This is the fifth time I've had to put it back for you."

CONSERVATIVES TOLD
TO BACK BOWSER

Dr. Tolmie and C. H. Dickie Speak With Opposition Leader at Duncan

Duncan, Aug. 8.—Hon. S. F. Tolmie, M.P., made an appeal for support for W. J. Bowser, K.C., leader of the Provincial Opposition, at a meeting attended by 400 people here last evening.

Dr. Tolmie asserted a strong movement existed in Canada in favor of a return to the Conservative party, in which party he is now chairman of the national organization committee.

Mr. Bowser's speech was directed to a criticism of the finances of the Oliver Government, the freight rates case, and his policy on the Pacific Great Eastern Railway settlement.

Dr. Tolmie made an appeal for support to Mr. Bowser. "He has been chosen as your leader and the choice was a wise one," "Stick to Mr. Bowser. If given proper support, he will lead the party to victory. There is no longer any doubt about that," the member said.

"Group government is not applicable to Canada," he declared. "Canada is too large, with interests too vast and diversified to make government by groups desirable, whether they be composed of farmers, preachers or doctors."

"There is no question confronting Canada to-day so important as that of making the producer prosperous," he said. "With the farmer making money, every other line of business is directly benefited. If you don't believe it, ask your business men why they are interested in news of the crops. When we have accomplished the task of making the farmers' dollar equal in value to other dollars, we will have settled one of the most vital problems before the country."

"No government can have control at Ottawa and make good without having the welfare of agriculture among its major policies."

"We must have faith in our country and in the restoration of agricultural prosperity there is work for every Canadian. The pioneering spirit must be revived. There is an opportunity for intelligent hard work on the part of everyone, and those who reject that opportunity are deliberately delaying the good times which we all desire."

Mr. Bowser declared that the McBride-Bowser Government built 17,000 miles of roads and 3,000 miles of trails when the annual revenue amounted to barely \$7,000,000.

With revenue of \$18,000,000 there had been practically no new construction under the Oliver regime. The Civil Service payroll had grown from \$1,000,000 under Mr. Oliver to \$1,500,000 under Mr. McBride. Monthly traveling expenses of Government officials had reached the staggering total of \$30,000. The public debt had grown from \$18,000,000 to \$50,000,000. The Oliver taxations had totalled \$86,000,000; the Oliver borrowings, \$50,000,000—a total of \$136,000,000.

"Are you surprised that the people are revolted of the Oliver Government?" he asked. "I am not a pessimist. No country has more natural wealth and greater possibilities than British Columbia, which is being wasted by reckless administration."

Freight Rates
The Opposition leader asserted that the McBride Government had initiated the fight for lower railway freight, and now Mr. Oliver was claiming credit for the effort.

"Where was Mr. Oliver in opposition? I do not question the importance of the task he has undertaken, but I do question his honesty of purpose. Is this belated interest in freight rates not merely a smoke screen to cover up his own discomfiture and his maladministration?" Mr. Bowser asked.

Mr. Bowser wondered why Premier Oliver had singled out the Canadian Pacific Railway for attack, when that corporation had been more responsible than any other for the development of the Province, while the Canadian National Railways, under the control of the Mackenzie King Government, was maintaining the same rates.

The P.G.E. Settlement
Mr. Bowser alluded to the letter written by him to the late Premier Brewster, endorsing the Pacific Great Eastern Railway settlement. It has been used much by General A. D. MacRae in his campaign.

"I was not ashamed of that letter when I wrote it and I am not ashamed of it to-day," declared Mr. Bowser. When the Brewster Government came into power Mr. Oliver had an ambition to go down in story as a great railway builder, and he asked Mr. Brewster for authority to go ahead with the P.G.E. Mr. Brewster, at the inception of his party career, did not wish to invite hostile criticism, and asked me what attitude I would take regarding the proposal that the new Government go ahead with the road. He asked me to put my case in writing, and I did so, assuring him that in the event of the Government proceeding with the policy as initiated by the McBride administration my position would be passive.

"The letter, however, was plainly marked private and confidential, and would have remained so had not Mr. Oliver taken it from the files of the dead man, resurrected it and given it to the people."

"I am not surprised at the action of Mr. Oliver, but I am surprised that General MacRae, an officer wearing uniform, should adopt such methods of furthering his ends."

"The letter was written at the Brewster Government's request, because it was their bargain. My responsibility had ended, but I wanted the McBride policy to go ahead; I wanted it to be elevated from the realm of politics," Mr. Bowser concluded.

C. H. Dickie, M.P., spoke briefly, attacking the King administration's railway policy. George A. Cheeke, president of the Cowichan Liberal-Conservative Association, occupied the chair.

GERMANY TO IMPORT
RYE FROM RUSSIA

Washington, Aug. 8.—Contracts have been made by German grain importers for 12,750,000 bushels of rye from Russia for the coming year, according to cable advices to the Department of Agriculture. Part payment is to be made in goods.

CENTENNIAL OF
U. S. RAILROADS
TO BE OBSERVED

Chicago, Aug. 8.—Plans to celebrate the centennial of the American railroad here with an exhibition showing its evolution and effect on the nation's growth have been begun by the American Railway Association. Committees have been appointed to gather data as to an appropriate date for the celebration, and to determine the extent of the miniature fair which is being considered in this connection.

Three railway organizations have

adopted resolutions urging the appropriate observation of a hundred years of railroad development—American Railway Engineering Association, American Railway Development Association and the Mechanical Division of the American Railway Association.

As no city has a convention hall large enough to hold all the exhibits, according to V. R. Hawthorne, secretary of Division 6, American Railway Association, he proposes the erection of a temporary structure to accommodate the twenty-five or more railroad bodies which would hold conventions here under the plans. Another suggestion is to hold a central exposition in Chicago with a number of smaller celebrations held simultaneously in other cities making Chicago the centre of a great railroad centennial wheel.

American railroads will participate in 1925 in the English celebration of the opening of the first railway in the world, conducted by the International Railway Congress, but it is the desire of the American Railway Association also to commemorate the American centennial, which comes in 1928. The trackage of the American roads, according to the Interstate Commerce Commission, is 376,952 miles, not including switches and terminal lines.

According to these same figures, there are now in operation approximately 70,000 locomotives, 2,500,000 freight cars and 65,000 passenger cars.

The railroad centennial will show how railway transportation has made possible the development of the United States, according to Mr. Hawthorne. Starting with less than 100 years ago, he said, railway transportation has reached a point where an estimated expenditure of \$1,540,000,000 is necessary this year to provide the railroad facilities to enable the general business of the country to proceed without interruption.

NEWS, INDEED.

Mr. Bowser informed the gathering of the faithful at Duncan yesterday evening that the McBride Government began the fight on freight rates sixteen years ago and that, therefore, Mr. Oliver's activities were belated and not deserving of any particular credit. The implication of this declaration is not at all complimentary to the capacity for achievement shown by the McBride Government, of which Mr. Bowser was a member, because nothing was accomplished by it in regard to this question. If it started, it never finished. As a matter of fact the only attention given by the McBride Government to freight rates was in relation to its case against Ottawa for "Better Terms." Transportation charges at that time figured merely as one item in a long list of claims and was not specifically pressed. There were no appearances before the Railway Commission; no explicit representations to the Governor-in-Council at Ottawa about freight rates, and there was no emphasis of this question upon the public mind. The Bowser Government, which succeeded the McBride Government, of course did nothing at all in the matter. Indeed, we doubt if any of its members ever gave a single thought to the question.

IGNORING AN IMPORTANT RESOLUTION.

Is there any reason why the City Council should receive and file without comment the resolution from the Retail Section of the Chamber of Commerce which records its opposition to the continuance of the weekly half holiday?

If we remember rightly Alderman Woodward expressed the view that an eight-hour-day law would meet the case quite nicely and permit stores to remain open for business for the whole of the six working days—leaving it simple for the employer to make holiday arrangements with his staff. One would have thought that Alderman Woodward would have been prepared to open a discussion upon a resolution from such an important and influential section of the city's premier business organization.

Surely the City Council ought to realize that a full business week is of more than passing importance to itself and to its exchequer. In fact Alderman Woodward confessed the city's inability to give grants to sporting events. But he can take it for granted that the city will have to continue to "draw in its horns"—to use his own words—unless greater vision shall be displayed by some of those who are responsible for the conduct of its affairs.

There is no need to repeat the arguments in favor of Victoria doing all the business it can—the business it needs and needs urgently. We shall hope that the Council will take this resolution from the file and discuss it at its next meeting.

MR. LARKIN AND THE LEAGUE.

There will still be people in this and other countries who will waste time and energy in calling the League of Nations an academic body without force or influence. Not one finger will they move to help to give it the authority which they consider it does not possess. And if they were told that their membership in a League of Nations Society, or some other body pledged to support the terms of the Covenant, is necessary to put "teeth" into the League they would either smile the patronizing and indulgent smile or change the subject as if it had absolutely no concern for them.

Happily Mr. Peter Larkin has come to this country with a message from the League of Nations. He has seen its work at close quarters and in consequence knows what he is talking about. In plain and simple language he says "the League has done wonders." Our High Commissioner in the Empire's metropolis would be able to serve no good purpose by misrepresenting any subject upon which he has the authority to speak. He has come to this conclusion about the only organized peace society in the world because he neither ignores fact nor refuses to appreciate the tremendous importance of humanity's crying need. Mr. Larkin's comment should increase Canadian interest in the League.

WHY HESITATE?

We fail to understand just why the City Council should hesitate to discontinue daylight saving at the middle of the present month. Most people have come to the conclusion that our isolation in this respect is poor business for the city and a nuisance to all concerned.

If it could not make up its mind to curtail the plan to this extent—as proposed by Alderman Dewar and recommended in these columns a day or so ago—surely the Council might have granted the request of the Board of School Trustees and allowed the clocks to be put back on the day that the schools open.

Alderman Andrews was surely not serious when he declared that if the new time were to commence on September 3 instead of September 9 it would "mix things." If the change is going to "mix things"—which of course it is not—the "chaos" he seems to fear will descend upon us six days later than the date mentioned by the School Board.

We still contend that an excellent purpose would be served, and nobody would be inconvenienced in the least, if the eighteenth of this month were to be selected as the date upon

which standard time would go into effect. Meanwhile we shall hope that this year's experience will teach us a profitable lesson.

ENCOURAGING.

For the first time since it was constructed the North Vancouver section of the Pacific Great Eastern Railway has returned a profit on a month's operation. Operating expenses for this branch of the line in July were \$709 less than the total revenue received.

We shall not become unduly elated about the Pacific Great Eastern and its ill-starred history for some time to come. It will be a few years before we shall be able to use the profits of the line for building hospitals or reducing taxation. At the same time this one instance, the knowledge that the Government regards the property more and more as an asset and urges the taxpayers of the Province so to consider it, indicates progress in the right direction.

These sort of monthly statements in respect of the people's railway, whether provincial or national property, make bitter reading for The Montreal Star—whose "Whisper of Death" already is becoming a classic in melancholy and selfish propaganda—but to the average individual who has a healthy conception of citizenship and its requirements they come as a welcome relief from the din of that fast disappearing band of unintelligent knackers.

Nor should it be forgotten that British Columbia is a young and thriving part of a young and thriving country. It has no ear for the "Whisper of Death"—especially when it comes through the teeth of special interest.

Note and Comment

Paving the remaining part of the highway between here and Sidney will be found to be good business. Dr. Sutherland is also on the right track when he contemplates improving the Malahat.

No doubt Mr. Waugh is glad to get out of the Saar Valley. We shall hazard the guess that even Manitoba and its new liquor policy will be a welcome change; but he will leave Europe with an excellent reputation.

Orangemen and Roman Catholics met on the same platform in Ireland yesterday. This is making the kind of history that will drive the last nail in the republican coffin. It underlines the British model of Empire management and adds new hope to Ireland's future.

Hon. S. F. Tolmie pleads with Conservatives to support Mr. Bowser. Viewing the situation by and large we would say that Mr. Bowser needs all the reinforcement Dr. Tolmie can give him. But we can assure the Doctor that if he is going to try to restore Mr. Bowser's shattered political fortunes as well as those of Mr. Meighen he will have a heavy job on his hands.

It is now reported that Walter Hagen is going to apologize, if he has not already done so, for his remarks about his treatment at the golf tournament at Troon a month or so ago. If he was wrong in his strictures or too harsh in his comments he will add to his stature by admitting it. He is too good a golfer to allow an international hazard to get between him and his prowess.

Some Thoughts for To-day

No nobler feeling than this, of admiration for one higher than himself, dwells in the breast of man. It is to this hour, and at all hours, the vivifying influence in man's life.

Carlyle.

Ah, gentle dames, it gars me greet,
To think how many counsels sweet,
How many lengthened, sage advices,
The husband frae the wife receives.

Burns.

A slender acquaintance with the world must convince every man that actions, not words, are the true criterion of the attachment of friends; and that the most liberal professions of good-will are very far from being the surest marks of it.

George Washington.

The good one, after every action, closes His volume, and ascends with it to God. The other keeps his dreadful daybook open. Till sunset, that we may repent; which doing, The record of the action fades away, And leaves a line of white across the page. Now if my act be good, as I believe, It cannot be recalled. It is already Sealed up in heaven, as a good deed accomplished.

Longfellow.

Our Contemporaries

ALWAYS LEARNED SOMETHING.

Montreal Gazette:—A place in the history of meals belongs to Cecil Rhodes' voracious consumption of sardines and stout at the South African Enquiry. And there were the apple pie crusts which Lord Kenyon used to have served for breakfast to spare the appetite of rolls. Eventually he choked on one and died, and his successor as chief justice always bowed solemnly there-when an apple pie was set before him.

WORK TOGETHER.

Ashcroft Journal:—"You have the best proposition in the interior if you will only work together," said a Canadian business authority, passing through an interior town recently, relative to some of the proposed public works. Those words: "If you will only work together, have more meaning than they may convey on the surface, and they can be made to apply to every industry in life. 'In unity there is strength' was preached to us when we were young. The principle has been with us for many years, but it is only recently that practice has followed the advice of principle. As a result, more and more of the industries of the world are uniting themselves together for the common good.

Other People's Views

Letters addressed to the Editor and intended for publication must be short, and rightly written. The longer an article the greater the chance of insertion. All communications must bear name and address of the writer, but not for publication or rejection of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for communications submitted to the Editor.

CORRECTIONS

To the Editor:—While thanking you for your courtesy in printing my letter under title of "The Gold Standard," I would like to correct several printers' errors which alter the meaning I intended to convey. "Plainly a commercial inheritance" should read: "plainly a communal inheritance." "There is to-day a recognized policy of making good" should be: "of making work." "The appraisal of the manufacturers and others" ought to run: "The apparent loss," etc. "Unless consumption came to exceed production, a very impossible condition," originally was: "unless consumption came to exceed production, a very improbable condition, etc."

Thanking you, I am yours, etc.
HERBERT MILNE.
121 Oswego Street, City, Aug. 7, 1923.

STOP THE EXODUS

To the Editor:—In Thursday's Times, under the heading "Our Contemporaries," it is stated that the Hon. Dr. Ross requests that people leaving Canada should state their reasons for doing so.

It seems hardly possible that any person should be so flagrantly ignorant as to not know the reasons why thousands of our best citizens are leaving Canada. Ask any of them and there is only one answer: "We go to get a meal ticket."

Our whole country is rich in resources, but we are apparently waiting for Americans to come over and develop them. Year after year we see no improvement and no accomplishments by our governments in the nature of getting money out of our mines, forests, etc., for the benefit of the people.

Our government offices are

THE REASON WHY.

MAY SHORTLY BE OF INCREASED
USEFULNESS IN POWER DEVELOPMENT

STORAGE DAM AT JORDAN RIVER

POWER HOUSE AT JORDAN RIVER

POWER EXTENSION
TO SERVE ISLAND
INDUSTRIES PLANNED

(Continued from page 1.)

The up-Island cities are anxiously awaiting the company's decision, and confidently anticipate that the indications of up-Island development will lead to a decision to make the extension. Local managers of coal mining companies have been keen to secure the connection, but delay in the negotiations has been caused by the fact that eastern directors had to be consulted, and in some instances have showed reluctance to sign up for the new power development with a guarantee for a long term of years.

Should the new development be approved, it will be a noteworthy addition to the power service already supplied by the B. C. Electric Company on Vancouver Island. It is meeting the demands of electricity consumers with two electric and two steam plants for power, private lighting and street railway operations, as well as operating the Victoria Gas Company.

GOVERNMENT TO
CURB MALAHAT
SPEED MANIACS

Police Act to Prevent Reckless Drivers Tearing Up Island Highway

Speed laws are to be rigidly enforced on the Island Highway and particularly on the Malahat from now on to prevent accidents and save the road, which is suffering from too speedy traffic, it was announced at the Parliament Buildings to-day.

The provincial police, under Hon. A. M. Manson, Attorney-General, are co-operating with officials of the Public Works Department to save the highway from maniac drivers who tear up the road surface and endanger traffic, it was stated. Provincial police officers have been stationed on the road with instructions to enforce the speed laws without reservation.

"Our idea is not to put motorists in jail or fine them but simply to cut down speeding," Hon. W. H. Sutherland, Minister of Public Works, said when announcing that he had asked the Attorney-General's Department to co-operate in protecting the Malahat. "The excessive speed of heavy cars and trucks puts the road under a terrific strain, and creates ruts and bumps. On account of the continued dry weather it is difficult to keep the road surface in good shape anyway."

"Excessive speed also endangers careful motorists as well as those who are guilty of driving too fast themselves. On a place like the Malahat, with its constant turns and narrow corners, high speed is the worst kind of folly, it has got to stop."

DELAY IN CALLING
FOR APPLICATIONS

Aldermen Study Auditors' Report Before Naming Comptroller

Until a further report on the auditor's comments on the by-law outlining the duties of the City Treasurer and City Comptroller no announcement is made by Mayor Hayward regarding the appointment of a City Comptroller. The special committee of the Council which drafted the by-law will go over in detail the auditor's report to consider the advisability of making any suggested changes. Alderman Leeming, chairman of the Finance Committee, has been mentioned for the post, but applicants for the position will be called for before an appointment is made.

EXPERTS HURRY TO
FIGHT GRAIN PEST

Grain crops in the Comox Valley are threatened by an insect pest which has appeared during the last few days, according to word that reached the Department of Agriculture here this morning. William Downes, Assistant Dominion Entomologist for Vancouver Island, accompanied by W. M. Fleming, District Agriculturist at Duncan, are hurrying to Courtenay now to attempt to curb the pest.

A kind of aphid is cutting into the oats of the Comox country, officials of the Department of Agriculture were informed. The farmers of the district do not know whether to cut their oats before the pest gets worse or to try to stop its inroads and leave the grain to ripen. They are waiting anxiously for the arrival of the agricultural experts to advise them on their trouble.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, August 8, 1898

On Friday next the second anniversary of the discovery of gold at Dawson will be celebrated.
A successful bicycle gymkhana was held at the Canteen grounds to-day, arranged by the naval squadron officers.

At a meeting of the Council of the B. C. Board of Trade this morning the president was appointed to meet Lord Herschell on his arrival and afford him every opportunity of obtaining information on the questions to come before the conference affecting this province.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Genuine

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds Headache Rheumatism
Toothache Neuralgia Neuritis
Earache Lumbago Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Garden Party Planned—Under the auspices of Britannia Lodge, L. O. B. A., a garden party will be held on Thursday, August 9, from 2 to 6 o'clock, at the home of Mr. McCall, 1342 Pandora Avenue. The affair will be opened by Mr. Leonard Tait. The reception committee includes Mrs. Munkley, Mrs. Bradley and Mrs. Kane; afternoon tea, Mrs. Keating and Mrs. Hunter; fancy work, Miss Gore, candy and ice cream, Mrs. Caldwell and Mrs. Wright; home cooking stall, Mrs. Hoy and Mrs. McKenzie. Mrs. Fox will be in charge of the tea tickets. A good time promised to everybody.

Keep it ready to serve at home

When it is ice-cold, nothing else is so sure to please—at home parties, when unexpected guests drop in and for just the family. And nothing is more convenient to serve—ordered by the case from your dealer like groceries, and a few bottles kept on ice in your refrigerator.

More and more a favorite every year for 22 years—since the first Canadian plant was established in Toronto in 1901. Choicest products from nature make it wholesome. Our sanitary plant, with sterilized bottles, makes it pure.

DISCUSS STATUS OF TEACHERS IN WEST

Federation Hears of Responsibility Towards Immigration Problems

Montreal, Aug. 7.—That the tenure of the public school teacher in the western provinces and in British Columbia is not as secure as members of the profession would desire and that in this and other particular drastic changes are necessary if any thing like ideal conditions are to be obtained, was made evident in three different provincial reports submitted here to-day before the third annual convention of the Canadian Teachers' Federation.

The question of obtaining greater stability of position, competent teachers, in the interest of themselves, the profession and the general public, will be dealt with fully by the convention as will also the efficiency grading of teachers, greater uniformity in professional training, certificates and the exchange of teachers between the different provinces.

Addressing the federation at the banquet given to that body by the Provincial Government here to-night, Hon. A. David, Provincial Secretary, said the problems which Canada had could be faced without fear.

Lover Not Nuisance.

"Take good care of the immigrants you get," advised Mr. David. "Remember that the immigrant who comes to Canada and whom you do not make a lover of Canada will be a nuisance. He gets what money he can, and goes home to spend it there. The problem is to teach him to be a Canadian in life, in his heart and mind and you teachers from the West have this great task of making the sons of the immigrants love Canada. Make them love the land in which they come to live. Make them respect the constitution under which they are to live; make them love the Canadian land, so that in the near future there will be a whisper of life from the West to answer the whisper of death that comes from nowhere."

Mr. R. W. Douglas, Vancouver city librarian, is in the city.

Senator and Mrs. Planta are in the city from Nanaimo.

Mr. James McTavish of this city is visiting in Vancouver for a few days.

Calgary visitors at the Empress Hotel include Messrs. A. F. Garland and A. H. Clarke.

Mr. and Mrs. B. H. Canfield and party, of Oakland, California, are guests at the Empress Hotel.

Mr. Walter Laidlaw, Victoria surveyor, and son are registered at the Hotel Prince Rupert.

Mrs. W. C. Nichol will not be at home to callers at Government House for the next three months.

Mrs. Curry, of Cherry Bank, accompanied by Master Jim Curry, is spending a holiday at Sol Duc.

Mr. and Mrs. Charles Balagno and family are returning to Prince Rupert after having spent a brief holiday visit in Victoria.

Mr. Dudley Geoghegan has left for Shawigan, Lake, where he is the guest of the Chief Justice and Mrs. Hunter.

Mr. and Mrs. Russell Henshall are leaving this week to spend a holiday in Vancouver as the guest of the latter's sister, Mrs. A. V. Wolfenden.

The Misses Lorna and Jean Fraser, who participated in the tennis tournament here last week, returned to their home in Vancouver on Monday.

Mrs. C. E. Bennett, of Victoria, is spending several weeks at Banff as the guest of Col. and Mrs. West Jones.

Miss Blakeway returned on Sunday from Comox, where for the past two weeks she has been spending her vacation as a guest at the Elk Hotel.

Miss Barton, of St. Margaret's School, returned on Sunday from Comox, where she has been spending a holiday. She was accompanied by Mrs. Barton, who will visit in Vancouver before returning to her home in Victoria.

Mr. and Mrs. James Carey, of Edmonton, who have been visitors in Nelson for the past week, left via the Arrow Lakes Friday evening to continue their journey to Vancouver, Victoria and Seattle.

Mr. and Mrs. F. T. Hill, of New Westminster, will leave to-day on a motor trip to Bellingham and from there will cross on the ferry to Vancouver Island to make a trip along the Island Highway.

An interesting engagement announced in Vancouver is that of Patricia Louise Cowan, daughter of Mr. and Mrs. George H. Cowan, and Mr. Robert Arbuthnot Hutchison, eldest son of Mrs. McCombie Hutchison and the late Mr. William McCombie Hutchison.

Mr. J. F. Errington, of Victoria, who is interested in the Dunwell Mines, has arrived in Stewart to look over the property. He was accompanied by his son, C. Errington, whom he met in Victoria and who was on his way home from California.

Mrs. Gaynor has returned to New Westminster from a fortnight spent at Crescent Lake, Wash. On her way home she was the guest of Mrs. C. J. Fagan at Victoria. She was accompanied by her daughter, Miss Gertrude Gaynor, who has proceeded to Seattle.

Mrs. C. P. Kinney, and daughters, Mrs. A. H. Wilkerson and Mrs. L. V. Michels, with Mr. Michels, and little son, have returned from a motor trip through Washington. Visiting Everett, Seattle, Tacoma and Aberdeen. While at Tacoma they were the guests of Captain and Mrs. Andrews, at their summer cottage at Long Branch.

OLD LAWS ON FASHION MODES

Why Handkerchiefs Are Square; First Top Hat

Some amusing instances of old statutes governing fashion in England is recalled in a recent issue of Tit-Bits. As far back as the reign of Edward I, there was a form of jumper in vogue which was known as the cote-hardie.

In Henry IV's time the scalloping of ladies' skirts was not allowed, for in 1463 a law was passed against "the cutting of the edges of sleeves or the borders of gowns into the form of letters, leaves, or other devices."

Even handkerchiefs were once regulated by law. There was an edict dated June 2nd, 1785, and issued by Louis XVI, at the request of Marie Antoinette, which decreed that "the length of handkerchiefs shall be equal to their width." Since then they have been square; and it seems likely that they will remain so.

The top-hat was first introduced in England by a Strand haberdasher named Hetherington. Since a large number of articles were discarded in 1850 in favor of the bell-bottoms. These were much the same as sailors wear to-day. A little later the peg-tops again became the fashion, this time without the strap under the boot.

Finally, about 1875, "bags," just straight-cut funnels, became the vogue. These were the forerunners of the present-day style, the most marked distinction being the "permanent turn-ups."

Smith is a young lawyer, clever in many respects, but very forgetful. He had been sent to a distant town to interview an important client when the head of his firm received this telegram: "Have forgotten name of client. Please wire at once." The reply he received was "Client's name Jenkins. Your name Smith."—Tit-Bits.

Mr. and Mrs. L. de Costa, accompanied by Mr. Stanley Wood, have returned home from a very enjoyable motor trip as far as San Francisco, Cal.

Miss R. McSweeney has returned to her home in Seattle after spending several weeks in Victoria as the guest of Miss Mona Doyle at her camp, Viewfield Beach.

Judge and Mrs. H. R. Rasquin, of New York, are in the city. They are relatives of W. R. Dale, local manager of the Great Northern Railway and are staying with him for a short time prior to their departure on the Princess Louise for Alaskan waters. They had heard the charms of British Columbia and Alaskan waters and decided on the fiftieth anniversary of their wedding to take a second honeymoon. Judge Rasquin is seventy-two years old, but is still young in spirit and thoroughly enjoyed his trip through the Panama Canal and up the coast in the Pacific Mail steamer Equador. On the Equador they were given a great surprise on the last day out. As usual a banquet was announced, and the unexpected Judge and Mrs. Rasquin naturally thought that it was the captain's banquet, which is a usual occurrence aboard the vessel, but to their surprise on their arrival in the banquet saloon they were given round after round of applause and then invited to sit to their own banquet.

The monthly meeting of the Friendly Help Association was held in the rooms at the Market Building yesterday with Lady McBride, hon. president, in the chair. Thirteen members being present. It was reported 87 families, representing 327 persons, were assisted during July. The relief given has been very much less owing to there being work for all able-bodied persons. Most of the cases were assisted on account of sickness or infirmities of some kind. Donations of children's clothing would be appreciated as many mothers are anxious to get their children fitted out for school. They have been able to provide food but find it very difficult to buy clothing. It would be very acceptable if friends having vegetables and fruit to spare, would send their surplus to the rooms, Market Building.

The Friendly Help Association acknowledge with grateful thanks the following donations received during August:—The City, W. & J. Wilson, E. B. Jones, A. Sincere Friend, Rose Farm Dairy, Burnside Dairy.

Clothing—Mrs. Tye, Mrs. Steele, Mrs. Bostock, Mrs. Frey, Mrs. Jones, Mrs. Baugh-Allen, Mrs. Garnham, Mrs. J. Wilson, Helen and Tommy Wilson, Mrs. Little, Mrs. Bates, Friend, Mrs. Ernest—Todd, Mrs. Moss, Mrs. Matthews, Mrs. Stewart, Williams, Mrs. Maxwell, Mrs. Hodges, Municipal Chapter, I. O. D. E.

Provisions—Mrs. Little (vegetables), Mrs. Maxwell (jam).

Sundries—Mrs. Davis (bedstead, wire mattress and mattress), Mrs. Tuttle (baby's buggy).

The board and staff of Saanich Health Centre gratefully acknowledge the following donations: June—Mrs. Hafer, vinegar and berries; July—Mrs. Amos, rhubarb; Mr. Brown, vegetables and flower seed; the Rotary Club, \$5.50; Mrs. Grimshaw, old linen; Mrs. Charlton, raspberries; Mrs. Thorpe, raspberries and cherries; Mr. Brown, flowers; Mrs. Pimm, flowers; Mrs. Carter, loganberries; Mrs. H. C. Oldfield, strawberries; Mrs. Kirkham, sugar; Mrs. Patrick, cake; Mrs. Lawrie, cherries; Mr. Brown, beans; Mr. Thorsen, raspberries and flowers, and Mr. Brown, beans and beats.

S. S. "DORIC" FROM MONTREAL AUGUST 18.

Passengers for the White Star-Dominion Line steamer "Doric," sailing from Montreal August 18, should leave on the Canadian National Railway "Continental Limited" 9.55 p. m. Sunday, August 12, from Vancouver. This train carries all-steel standard and tourist sleeping and dining cars, drawing-room-compartment-library-observation cars, and runs through to Montreal arriving 9.55 a. m. Friday, August 17. Baggage may be checked through to the steamer from Victoria.

Reservations for both the steamer and the train may be made at the C. N. R. City Ticket Office, 911 Government Street, telephone 1242.

Mrs. C. P. Kinney, and daughters, Mrs. A. H. Wilkerson and Mrs. L. V. Michels, with Mr. Michels, and little son, have returned from a motor trip through Washington. Visiting Everett, Seattle, Tacoma and Aberdeen. While at Tacoma they were the guests of Captain and Mrs. Andrews, at their summer cottage at Long Branch.

Mr. and Mrs. L. de Costa, accompanied by Mr. Stanley Wood, have returned home from a very enjoyable motor trip as far as San Francisco, Cal.

Miss R. McSweeney has returned to her home in Seattle after spending several weeks in Victoria as the guest of Miss Mona Doyle at her camp, Viewfield Beach.

Judge and Mrs. H. R. Rasquin, of New York, are in the city. They are relatives of W. R. Dale, local manager of the Great Northern Railway and are staying with him for a short time prior to their departure on the Princess Louise for Alaskan waters. They had heard the charms of British Columbia and Alaskan waters and decided on the fiftieth anniversary of their wedding to take a second honeymoon. Judge Rasquin is seventy-two years old, but is still young in spirit and thoroughly enjoyed his trip through the Panama Canal and up the coast in the Pacific Mail steamer Equador. On the Equador they were given a great surprise on the last day out. As usual a banquet was announced, and the unexpected Judge and Mrs. Rasquin naturally thought that it was the captain's banquet, which is a usual occurrence aboard the vessel, but to their surprise on their arrival in the banquet saloon they were given round after round of applause and then invited to sit to their own banquet.

The monthly meeting of the Friendly Help Association was held in the rooms at the Market Building yesterday with Lady McBride, hon. president, in the chair. Thirteen members being present. It was reported 87 families, representing 327 persons, were assisted during July. The relief given has been very much less owing to there being work for all able-bodied persons. Most of the cases were assisted on account of sickness or infirmities of some kind. Donations of children's clothing would be appreciated as many mothers are anxious to get their children fitted out for school. They have been able to provide food but find it very difficult to buy clothing. It would be very acceptable if friends having vegetables and fruit to spare, would send their surplus to the rooms, Market Building.

The Friendly Help Association acknowledge with grateful thanks the following donations received during August:—The City, W. & J. Wilson, E. B. Jones, A. Sincere Friend, Rose Farm Dairy, Burnside Dairy.

Clothing—Mrs. Tye, Mrs. Steele, Mrs. Bostock, Mrs. Frey, Mrs. Jones, Mrs. Baugh-Allen, Mrs. Garnham, Mrs. J. Wilson, Helen and Tommy Wilson, Mrs. Little, Mrs. Bates, Friend, Mrs. Ernest—Todd, Mrs. Moss, Mrs. Matthews, Mrs. Stewart, Williams, Mrs. Maxwell, Mrs. Hodges, Municipal Chapter, I. O. D. E.

Provisions—Mrs. Little (vegetables), Mrs. Maxwell (jam).

Sundries—Mrs. Davis (bedstead, wire mattress and mattress), Mrs. Tuttle (baby's buggy).

The board and staff of Saanich Health Centre gratefully acknowledge the following donations: June—Mrs. Hafer, vinegar and berries; July—Mrs. Amos, rhubarb; Mr. Brown, vegetables and flower seed; the Rotary Club, \$5.50; Mrs. Grimshaw, old linen; Mrs. Charlton, raspberries; Mrs. Thorpe, raspberries and cherries; Mr. Brown, flowers; Mrs. Pimm, flowers; Mrs. Carter, loganberries; Mrs. H. C. Oldfield, strawberries; Mrs. Kirkham, sugar; Mrs. Patrick, cake; Mrs. Lawrie, cherries; Mr. Brown, beans; Mr. Thorsen, raspberries and flowers, and Mr. Brown, beans and beats.

POVERTY ENDS A ROYAL ROMANCE

Princess Louise of Belgium Forced to Leave Soldier-Husband

London, July 19 (A.P.)—The post-war poverty of many once powerful nobles has brought before the public the sad ending of a royal love affair.

The story is the romance of Princess Louise of Belgium, daughter of Leopold II, who married Prince Philip of Coburg, and about thirty years ago left her husband and her two children to slope with Captain Geza von Mattiasch, a Hungarian nobleman.

The princess was divorced by her husband, and Captain von Mattiasch lost his commission in the Austro-Hungarian army. Following the war money became scarce, and the lovers were compelled to move from their palatial residence in Vienna to a small village.

The princess disputed the will of her father, who left everything to his morganatic wife, the Baroness Vaughan, but she lost the suit. Then she appealed to her sister, the Princess Stephanie Lonyay, former Crown Princess of Austria.

Princess Stephanie offered to allow Louise, who is now 64 years old, to spend the rest of her life at the beautiful castle of Oroszair, in Hungary, on condition that she leave von Mattiasch. The offer was accepted, and friends now have found another home for the penniless captain.

The management committee of the Aged Women's Home held their monthly meeting at the Home yesterday afternoon, with President Mrs. Clay presiding, and eight members of the Committee present. The visiting committee for the past month reported the health of the inmates to be fairly good and that all rooms were occupied, with the exception of two. These will be occupied shortly.

The committee for August are: Miss O'Brien, Mrs. F. W. Vincent and Mrs. Sabiston. The following donations were gratefully received during July: Mrs. Shotbolt, vegetables; Mr. Prisk, raspberries; Mesdames Henderson, Bennett, Pollock, Gould, Grant and Miss Spencer, flowers; reading matter, Mesdames, Hibben & Son; motor drives, Mr. Baxter, Mrs. Jones, Bishop Cridge Chapter and Mrs. J. D. Clark.

MADE FINAL PLANS FOR EXHIBITION

Esquimalt Women's Institute Preparing for Next Wednesday's Show

Final arrangements for the forthcoming exhibition to be held in the Canteen grounds on Wednesday, August 15, were made at last night's meeting of the Esquimalt Women's Institute. Mrs. Booth, the president, was in the chair, and there was a good attendance of members.

The exhibition will be formally opened by Mr. R. H. Pooley, M.P.P., at 2.30. As no entries in any section will be accepted after Friday, August 10, those who intend entering exhibits are urged to do so at once. In connection with the baby show, mothers entering their babies are asked to attend at Lamson Street school, Esquimalt, Tuesday, August 14, at 2 o'clock, when the babies will be examined by physicians.

Ice cream and tea will be served on the grounds, and a Gauger's band will furnish music throughout the afternoon. A meeting of the conveners is called for Friday, at 7.30, in the Parish Hall.

Mrs. Booth, Mrs. Cave and Mrs. T. Scott were appointed a committee to visit the patients at the tuberculosis ward at the hospital.

The monthly meeting of the Friendly Help Association was held in the rooms at the Market Building yesterday with Lady McBride, hon. president, in the chair. Thirteen members being present. At the THEATRES

DOMINION

Reginald Denny, Universal star, has literally fought his way into a position of prominence among the younger motion picture stars.

He was the leading man in the first picture he ever appeared in—opposite a bear. He didn't like the part, but he had to eat.

After hanging around motion picture studios in New York until his athletic frame was in a fair way of fading into a thin shadow, Denny was given a part. The part called for a great deal of action with a "tame" bear.

A thousand feet of film could have been ground out on one of Denny's scenes with the bear and it would have looked like the Battle of the Marne. Hot stuff—but it didn't fit into the continuity.

To wit, the bear went wild.

The trainer of the bear lost his head and Denny nearly lost his life. The trainer left the lot on the high leap, leaving Denny to battle in close quarters a savage bear three times his size. Denny escaped with three times his size. But he was so injured that his next "bit" was in the hospital.

But he won his beans—and his spurs.

Since his first venture into the motion picture game, he has rapidly gained recognition until he is now being starred by Universal.

As the college-boy-swinging hero in H. C. Witwer's "The Leather Pushers," Universal attraction, Denny won wide spread popularity. His greatest triumph is the stellar role in the Hobart Henley-Universal-Jewel production of "The Abysmal Brute," which is showing at the Dominion Theatre.

AT THE THEATRES

Dominion—"The Abysmal Brute."
Columbia—"Crinoline and Romance."
Pantages-Vaudeville.
Royal—"The Ninety and Nine."
Capitol—"The Man Next Door."
Playhouse—"David Garrick."

It seemed too good to be true. It was. When Mr. Beaumont ordered the scene to be shot again everything went wrong. Ernest offered no protest when Miss Dana again mounted him, but simultaneously with Mr. Beaumont's second order "Camera," things began to happen. The mule reared his nose earthward and elevated his heels skyward and brought them back to earth so fast and often that count was lost. Miss Dana's thinly veiled dignity vanished.

The grabbed Ernest's neck with both arms and had not the mule's owner rushed in and grasped the bride while she was in the air, she would certainly have gone overboard.

The first shot of that episode was the only one taken. Fortunately the photography was perfect; otherwise one of the most picturesque portions of "Crinoline and Romance" would have been missing when the picture was finally assembled.

ROYAL VICTORIA

Pleasing the public is not as easy a task as it appears upon the screen. Often a scene is very costly, yet no producer thinks of expense. In making "The Ninety and Nine," which will be shown at the Royal again to-day, Vitaphone gave Director Smith carte blanche so far as expense was concerned. He was to produce a picture that would stand out among the rest of the season as a masterpiece of something big. The main thrill of the production is a forest fire which entirely envelopes and burns up a good sized town. Through the flames and smoke the hero drives a locomotive to rescue the people of the village. An entire village was burned for the sequences. This village was especially built for the picture in a deserted place where danger of a big conflagration, which could not be checked was remote, and then the picture was taken. The big thrill of the picture, Warner Baxter, the hero, did not escape danger. He drove a locomotive through a furnace of burning timber. The heat scorched his hair, and at times it seemed as though he would be burned before he could get out of the swirling, seething mass of flame. But all this added to the realism, and when the picture was finished those who saw it declared that it was well worth the cost in trouble.

CAPITOL

Pal, the best known of all dog actors on the screen, has one of the important roles in "The Man Next Door," the picture of the famous novel by Emerson Hough, which will be seen at the Capitol Theatre all week.

He is known in the picture as "Peanuts," the pet terrier of Bonnie Bell Wright, one of the leading roles which is played by Alice Calhoun. Pal is a fine, intelligent-looking little terrier, and his role as a pet dog is a very interesting one. He is the only animal who has been so branded.

"Camera," shouted Director Harry Beaumont as the bout began. Ernest was as meek as a lamb all through the

RICH IN VITAMINES

MAKE PERFECT BREAD

colle that belonged to the Wieners, and one afternoon Peanuts leaped over the hedge which then separated the two estates and chased the colle into the house.

The two dogs flew through the open doors and into the reception room. It was filled with bridge players. Mrs. Wiener playing hostess to her bridge club that afternoon. In a moment more the fight was on. Tables and chairs were overturned, women fainting, and Bonnie Bell, after much effort, finally rescued her beloved Peanuts; not that Peanuts cared so much about being rescued at that. He had been doing quite well.

This was one of the most difficult situations to shoot in the entire production of "The Man Next Door." A line thoroughbred colle was engaged by Director Victor Schilling for the scene. He was a beautiful dog and an intelligent dog, so intelligent that when the time came for him to be chased into the mansion, he simply wouldn't be chased.

"Colles don't run away," he told his master as plainly as if he could speak. "A colle never runs; he colle stands and colle waits." The dog's warm eyes glared at his owner.

But the owner persisted with kindness, and eventually, after many tries, in which the colle stood and colle waited, he would hear Pal at his heels, would wheel for light, instead of fleeing into the house, the colle raced indoors, followed by Pal.

PANTAGES GREETED BY FULL HOUSES

Last Night's Performance Attracts Theatre Crowd in Large Numbers

The opening performance for the week at the Pantages last night, proved attractive to the two capacity houses which attended the entertainment. Possibly the most popular act was that given by the Jongleur Distigue, Wilfred DuBois. Juggling is ever well received and the public never tires of such features as the decidedly talented and amusing artist brought before them last night. Some of the balancing feats and other clever tricks which DuBois, the juggler, performed were of such a surprising nature as to hold the audience almost speechless while the act was in progress. Only when he was in the midst of performing some difficult feat, or when he had terminated some "stunt" which demanded quick wit, dexterity and experience, did the audience break the silence, and then it was with prolonged applause and exclamations of surprise and admiration.

A novel and attractive act was that given by the xylophonist, El Cota, one of the most accomplished artists with the instrument that the local public has ever had the opportunity of hearing. His act, "Laughs and Tears," was worthy of the name, for the comedy introduced added greatly to the effect of the master musician's efforts, and his playing was a revelation. His work was equally as good with classical tunes as it was with the syncopated jazz selections.

The tabloid version of "The Mikado" proved very amusing, and the singers gave evidence of talent in their vocal selections and acting, which proved their undoubted worth as artists and comedians. The surprising manner in which the singers rendered their selections made the act one of the finest of the excellent programme. The most successful songs which this Tennyson Operatic Quintette, as it is called, gave to the public, were "Behold the Lord High Executioner," "He's Gone and Married Sam Tim," and "The Flowers Which Bloom in the Spring."

"The Spectacular Septette" of dancing girls, literally put a "kick" in the proceedings with the final act on the programme. The dancing was of the finest, several novel and artistic numbers featuring the programme. Russian, Quaker steps, Oriental, and other entrancing dances, all with the most striking of stage settings, prove a great attraction.

"Nonsensical Nonsense," presented by two dour comedians, one of whom comes on the stage in the usual approved manner, the other of whom embarrasses members

EL COTA

Xylophonist Supreme, who is playing at Pantages to-night and to-morrow.

of the audience before he leaves the aisles and takes his proper place on the best side of the footlights, is an act which lends the spice of good humor to the whole entertainment. The singing of the two men in this particular act is pleasing.

A travel picture and a scintillating comedy are the motion picture attractions of the programme. Both of these are highly amusing. The travel picture shows some wonderfully fine views of landscapes and animals of the Canadian Rockies and the Banff-Windermere lands.

PLAYHOUSE

For the farewell of the Summer season at the Playhouse the Compton Comedy Company is presenting the old favorite play, "David Garrick." This was the bill which opened the company's season here, in which Mr. Francis Compton scored a great personal success and in which the company as a whole gave perhaps the most artistic, finished and amusing performance of the season. While announcing the farewell week, Mr. Compton wishes it to be known that provided satisfactory arrangements can be concluded, he intends to re-open in September and continue through the proper theatrical season, presenting plays of the same high order as have already been given during the Summer season. It is never tires of such features as the decidedly talented and amusing artist brought before them last night. Some of the balancing feats and other clever tricks which DuBois, the juggler, performed were of such a surprising nature as to hold the audience almost speechless while the act was in progress. Only when he was in the midst of performing some difficult feat, or when he had terminated some "stunt" which demanded quick wit, dexterity and experience, did the audience break the silence, and then it was with prolonged applause and exclamations of surprise and admiration.

TO BE MANAGEMENT'S GUESTS

Ex-service patients at the local hospitals and the nursing staffs of both institutions have accepted the invitation of the management of the Compton Comedy Company to attend the farewell matinee performance of "David Garrick" on Saturday. The play is one of the most pronounced successes in the company's repertoire, which the company carries, and it is with keen pleasure that the soldiers and nurses are looking forward to the performance. This pleasure is tempered with poignant regret that the company is about to leave Victoria for the remainder of the Summer.

NEWS AND NOTES FROM THE MINES

TRAIL SHIPMENTS.

Shipments from the Florence mine at Princeton Creek, and the Cork-Province mine at Zwicky are recorded in the Trail Smelter statement for the last 10 days of July, these being the first shipments from these properties to Trail this year.

The receipts for the 10 days were 12,932 tons, bringing Trail's total receipts for 1923, to date, to 270,088 tons.

According to the statement the mines supplied ore or concentrates as follows: Alamo Mill, Alamo, 39; Boston, New, 13; Black Rock, Northport, Wash., 78; Cork-Province, Zwicky, 39; Florence, Princeton Creek, 103; Lone Pine-Surprise, Last Chance, Republic, 25; Silversmith, Sandon, lead 129, zinc 48; Van Rai, Silverton, 42; company mines, 11,662.

USK MINING DEVELOPMENT.

Several veins of rich mineral have been discovered at Usk recently as the result of continued development work and the assays show particularly high values according to John Willmar, manager of the Kleanza Cu. who has arrived in Prince Rupert. Speaking of mineral development work, Mr. Willmar stated that his company has been stripping and cross cutting three mineral veins on the Vahalla group situated on Kleanza mountain. At the present time the company has started a tunnel on the middle vein and went in about 35 feet. The assays made of showings taken from the tunnel, show a great deal of promise. The company has been drifting a tunnel on the same vein about 1,800 feet, lower down. The vein is about 25 feet, the vein showing free gold from portal to the face. The samples from this vein show free gold in quartz which can be plainly discerned with the naked eye but assays have not yet been made.

STOMACH SUFFERING

disappears as if by magic when JO-TO is used. Gas pains, acid stomach, sour stomach, burning and all after-eating distress relieved in two minutes. All Drug Stores.

MORE EXHIBITS OF PRODUCTS SOUGHT

Chamber of Commerce Group Out to Secure Displays in City

More exhibits of Vancouver Island products are needed in Victoria, members of the agricultural development group of the Chamber of Commerce decided at their meeting last night under the chairmanship of J. A. Griffith. The group will recommend that the directors of the Chamber of Commerce strive to secure show spaces to display Island productions. Reference was made to the display of the versatility of British Columbia agriculturally than exhibited at present. A recommendation will be sent to the Chamber of Commerce directors asking them to request the Provincial Government to take action along the lines stated.

The new C.R.R. building on Belleville Street may also offer an opportunity for a British Columbia products display, it was mentioned. The directors will be asked to approach the railway company with a request that window space be set aside to display B.C. fruit and agricultural products. A window in the building would lend itself admirably to an attractive display of products where it would catch the eyes of people whom it is most desired to impress, the group thought.

Two industries on Vancouver Island which could be made profitable and which were to a great extent overlooked were called attention to by F. B. Pemberton. Figs and walnuts could be grown with success, he asserted. The success to be obtained from walnut growing had been proved, but the fig growing industry was little known. He himself had successfully experimented in fig production and had healthy trees bearing well.

Eastern interests have acquired control of the Hercules group, near Stewart, and will proceed with development, which will be under the supervision of R. L. Clelland, with Wm. Irwin as foreman. The property is owned by the Hercules Mines Limited (Non-personal liability) of which the late Brigadier General R. G. Edwards was president and managing engineer. Under General Leckie's management a considerable amount of development has been done but the property has lain dormant since 1920.

The Hercules group consists of five claims and adjoins the Big Mis-souri on the North. A number of surface cuts run in 1911 exposed large showings of quartz and sulphides, carrying good values in gold and silver. In 1920 a tunnel was run under one of these showings a distance of 200 feet without striking ore. On another vein a shaft was sunk a distance of 30 feet, losing the vein through a fault.

Times Book Review

By Prof. W. T. Allison

LITERARY NOTES.

A noteworthy volume this season is "Angels' Shoes and Other Stories," by the late Mrs. L. McKinnon (Hodder and Stoughton, London and Toronto). Not long before her death, Miss McKinnon had come into her own as a writer of short stories and her work was being eagerly sought by the best American magazines. In this posthumous collection there are twenty-four of her stories, representing her ablest effort in this field of literature. Many of these narratives are Canadian in color and character, although the opening story has the Brazilian jungle for a background.

Students in schools and colleges and members of church organizations interested in amateur theatricals ought to welcome "Scenes from Dickens: Trials, Sketches, Plays," compiled by James Edmund Jones, B.A. (McClelland and Stewart, Toronto). This book of dramatized pieces from Dickens' works has been composed during recent years by the Dickens Fellowship Players of Toronto. In addition to the trial scenes from "Pickwick Papers" and "Edwin Drood" there are ten other selections. A three-act play has for its subject "The Adventure of Nicholas Nickleby." The adventures of Nicholas Nickleby of make-up, costumes, and stage settings are given for each piece.

Another volume which ought to be of great practical service to groups of young people in Canadian churches and their leaders is a "Young People's Manual," prepared by an editorial committee of the National Young People's Board (McClelland and Stewart, Toronto). This volume is non-denominational. It provides very useful information in the way of rules for organization of the youth people's societies and the conduct of debates, studies of various kinds, worship and recreation. There are also forceful discussions of the duties of young people to church work and of leadership generally.

The latest addition to the "Young Canada Series," books for boys and girls of ten to eighteen (The Musson Book Company, Toronto), is "Larry, or The Adventure of a Boy." So far as I know, this is the first story that

Distinction and Charm

Characterize the New Coats for Fall

Varied indeed are the ways in which these new Coats attain distinction. Some do it with novel cuffs or sleeves; others choose tucking, pleats or flares, all are simple yet with that smartness that well thought out simplicity bestows. For charm they rely chiefly on their rich fabrics, deep, sumptuous fur trimmings and excellent tailoring. The colors include the most wonderful blues, browns, reindeer tones as well as the ever popular black. Prices are moderate, from \$45.00.

U Drive VICTORIA AUTO LIVERY

has ever been written of boys boarding school life in Canada. It is from the pen of Gordon Hill Grahame, winner of the \$2,500 Canadian Prize Novel Competition last year. Mr. Grahame was for some time house-master in the Lakefield Preparatory School, a very large school all about mischievous boys and has drawn upon his memory of humorous scrapes, school sports and adventures which came under his own notice. No boy or girl will fail to derive intense enjoyment from this humorous story of school life.

"The Red Vineyard" by Rev. Father B. J. Murdoch of Douglas-town, N.B., is the story of a Catholic

FREE—10 finer shaves. Use the coupon

Everything you might want in a shave is offered you here.

As a test—at our expense—of the shaving cream which today saves time and skin irritation for millions of men.

We spent 18 months making it perfect for you—first asked 1,000 men what a shaving cream should be, then conducted 130 laboratory experiments. But we have produced in Palmolive Shaving Cream, the 3 sure ways to cleaner, quicker, easier shaving:

It multiplies itself 250 times in luxurious lather.

Softens the most stubborn beard in one minute, without tedious "rubbing in."

Lather lasts, creamy, moist, rich, for 10 minutes on your face, if necessary.

Strongest-walled bubbles hold each hair erect—for easy, clean, close cutting.

Finally, the skin is left soft and soothed by the careful blend of palm and olive oils.

We will value your judgment. That's why we ask you to make the test millions of men have already made. You stand to lose nothing, or to gain greater shaving comfort. Mail the coupon now—for your 10 free shaves.

OCEAN AND COASTWISE SHIPPING

CAPT. HOLMES NEWCOMBE
RETRES FOLLOWING AN
EVENTFUL CAREER HERE

Was Commander of Malaspina Until Time of His Retirement; Captured Small Fleet of Foreign Vessels Poaching in Canadian Waters; Saw Much Service With Dominion Fishery Boats.

In the retirement of Captain Holmes Newcombe, who was captain of the Government patrol ship Malaspina up till August 1, there is lost to the active shipping world one of the early pioneers of B. C. and coast waters. It was announced to-day that Captain Newcombe, who requested superannuation last March, had been granted his request.

Captain Newcombe, of the Dominion Fisheries Protection Service, has seen very active service. He has seized many a craft and a whole fleet of small vessels poaching in Canadian waters. The most recent incident, it will be remembered, was the capture of the Sileam, which did not have to be shot at until the vessel did considerable damage.

Here Thirty-two Years
For more than thirty-two years he has been a resident of British Columbia. He was born in New Brunswick, and was bred to the sea. Coming west when comparatively young, he was for twelve years senior master of the Union Steamship Company. Later he came ashore, as port captain for the same company, after holding this position for some time he joined the Dominion service.

He first took command of the old Kestrel, which was recently dismantled in San Francisco harbor after a stirring career as patrol ship and Hawaiian Islands trader. The William Joffe, now the Canadian Pacific tugboat Nisnag, was his next ship, and following her he commanded the steamer Roman. This last vessel was eventually wrecked.

Before she was lost Captain Newcombe took over the crack steamer Malaspina, which he has been commander of until his retirement. Captain Newcombe resides in Vancouver and has one son, Gordon Newcombe, who is engaged in the lumber business. The commander has won a splendid reputation all along the Coast for the fearless and just manner in which he has enforced the Canadian regulations.

NO DECISION HAS
BEEN REACHED ON
GRAIN RATES ACT

Government Has Not Yet Decided to Suspend Lake Grain Rates Act

Ottawa, Aug. 8.—No decision has been reached by the Government to suspend operation of the Lake Grain Rates Act or any part of it. This statement was made at the Department of Trade and Commerce to-day, when attention was called to the report from Winnipeg that it had been decided to exempt shipping firms from filing their contracts. The department, it was stated, has no power to dispense with the terms of the act, nor does such power reside in the Governor-in-Council. The conference, which is being held in Winnipeg, was arranged by the Minister of Trade and Commerce and it is understood that Chairman L. H. Boyd, of the Board of Grain Commissioners, who has presided at the meetings will be in Ottawa in a few days to report to him. In the meantime no difficulty has been reached and the statement that the Government has no power to suspend the act or any part of it is emphasized. However, it should be found that within the terms of the statute some modification of the existing procedure is possible, action along that line may be taken.

Soundings

C. P. Chapman, assistant general passenger agent of the Chicago, Milwaukee & St. Paul Railway, and Charles Sargent, manager of the White Star Line, Seattle, came to the city to-day to await the arrival of the President Madison, inbound from the Orient. It is their intention to visit the boat, together with the local manager of the Chicago, Milwaukee & St. Paul Railway, F. O. Finn, and give General J. McCarthy, assistant passenger agent for the Admiral, Oriental line, in the Orient, a right royal welcome to Victoria.

Leaving this week to visit relatives and friends in London, England, Fred O. Finn, general agent for the Chicago, Milwaukee and St. Paul Railway in Victoria, will leave his office in charge of Eric Marshall, city freight and passenger agent. Mr. Finn's visit to the Old Country will be an extended one. While there he will renew many acquaintances and see many of his old-time friends. To assist Mr. Marshall, who is a popular young man in the city and a member of the Gyro Club, Andrew George, well known to the travelling public, will be employed at the local office.

ENGLISH HARVESTERS
COMING TO CANADA
BY THE THOUSANDS

London, Aug. 8.—(Canadian Press).—During the first seven days of August 3,700 farm workers have sailed by Canadian Pacific steamers to Canada to engage in the harvest operations in the Western Provinces and about 1,300 who were booked by the same line have been transferred to other steamship lines, the rush being so great that one company has been unable to handle all.

FLYING DUTCHMAN
USE CLEVER RUSE

Detroit, Aug. 7.—Its paint dulled with mud and canvas over its hatches to disguise it as a bootlegger craft, the "Flying Dutchman," speed boat of the prohibition forces on the Detroit River, seized a 35-foot launch with thirty cases of liquor aboard to-day. The prohibition boat, which became so well known on the river that bootleggers spotted it in time to escape. The operator of the captured boat sprang into the water when he found federal officers aboard the craft, which he had taken for another bootlegging boat. He reached the shore ahead of the federal officers, who sprang into the water after him, and escaped.

EMPRESS OF ASIA
WILL HAVE MANY
NOTABLES ABOARD

Several Hundred Passengers Leaving for Orient To-morrow

Sir J. Thomas Broom, Returning to His Home in Colombo

Many notable passengers will sail for the Orient aboard the Canadian Pacific, Empress of Asia, Captain L. D. Douglas, when she leaves here to-morrow about 5:30 o'clock standard time.

The Asia will leave Vancouver on time to-morrow, and make port here outward bound at 4 o'clock, standard time. Considerable consignments of mail and cargo are being taken out by the Empress liner, while her passenger list is a fairly large one. The vessel is scheduled to leave at 11 a. m. to-morrow from Vancouver with 130 first class passengers, 40 second class, 25 third class and 140 steerage passengers. This makes a total passenger list of 335 passengers. Among those sailing aboard the Empress of Asia are Sir J. Thomas Broom, of Colombo, Ceylon. He is an ex-member of the Ceylon Legislative Council, and is en route to his home. Other notable passengers will include Colonel and Mrs. R. M. C. Burton, of London, who are going to Peking; Mrs. E. S. Rosoman, wife of the manager of the Holme-Ringer Company, Nagasaki; Mr. D. P. Brown, president of the United Shoe Machinery Company, of New York; and Dr. and Mrs. A. A. Hutcheson of Cincinnati, and their daughter, Miss H. Hutcheson.

Canada Due
The Empress of Canada will arrive about Monday or late Sunday night, it was learned this morning. There are some 150 first class, 80 second class, 27 third class and 374 steerage passengers aboard the ship.

MADE GOOD TIME FROM ORIENT

The Admiral Oriental liner President Madison made good time from the Orient this trip, docking at William Head Quarantine Station at 1:30 standard time to-day with the richest cargo that an American vessel has brought from the Far East for some time. The value of her cargo was \$15,000,000. The raw silk was valued at \$7,000,000 while the general cargo was \$8,000,000. There were 547 passengers aboard the vessel, and over 3000 bags of mail.

ENTRANCE ISLAND
WILL HAVE A NEW
FOG ALARM PLANT

Government Ship Estevan Leaves With Material for Construction Work

Entrance Island, at the entrance of Quatsino Sound, on the West coast of Vancouver Island, is to have a new fog alarm. The present one, which has been in service there for some years, is to be replaced by one of a later design and more up-to-date model.

The Government lighthouse tender S. S. Estevan left yesterday morning on her regular run to the West Coast, but on this trip took, in addition to the usual supplies, material for the construction of the new fog alarm. The material had been waiting at the government wharf for some time for the arrival of the Estevan from her round-the-island trip.

A crew of seven men have been sent up to do the work and the sectional foreman, Mr. Ross, will be in charge during the construction. The work is expected to occupy some six weeks, but when completed will be a great improvement over the old alarm.

Shipping men, who have occasion to ply the waters of the West Coast, will welcome this news, as the entrance to the sound was hard to find in the fog, and was also dangerous.

VESSELS MOVEMENTS

ADELAIDE STRUCK
LOG IN STRAITS
AND BENT BLADES

The Canadian Pacific Princess Adelaide went into Yarrowa at noon to-day for a new propeller. Her blades came in contact with a log in the straits during her trip from Vancouver and bent them considerably. A new wheel was waiting for her at Yarrowa so that she will be out in time to take the Vancouver run to-night. The Princess Maquinna arrived from her West Coast run this morning.

ARIZONA MARU CUT
DAY OFF SCHEDULE

Made Port Last Night Thereby Surprising Local Agents

Had Valuable Silk and Tea Cargo for United States

Completing one of the fastest trips that an Osaka Shosen Kaisha line steamer has made for some time, the Arizona Maru, Captain D. Fuchigami, docked at William head at 6:45 o'clock standard time last night. Securing pratique she docked at the Outer Wharf an hour later. The captain reported an excellent trip. He says it was owing to the favorable weather and tides that he was able to cut a day off his scheduled time.

Leaving at three o'clock on the afternoon of July 26, the Arizona made good speed the entire way and encountered no rough weather or fog. This makes her trip twelve days, whereas the usual time is thirteen days. The vessel stayed in Victoria for an hour, bringing very little cargo. One cabin passenger disembarked here, while thirty-three steerage passengers were landed. Proceeding to Seattle were some twenty cabin passengers, thirty steerage and sixteen Russians. The Russians arrived in time to secure entrance into the United States. The quota has not yet been reached.

Cargo
Cargo consignments for Seattle totaled 1,173 tons, including 1,597 bales of silk, weighing 112 tons and valued at approximately \$2,000,000. The Tacoma tonnage is 1,306, including a large consignment of tea weighing 392 tons. Vancouver has a consignment totaling 108 tons of freight, including some raw silk, silk goods and general cargo. An optional cargo of fifty-one tons will either be discharged at Seattle or Vancouver.

CONQUEROR GIVEN
UP AS LOST MADE
PORT YESTERDAY

Hind, Rolph and Co.'s Vessel Turns Up After Two Months' Wandering

Seattle, Aug. 8.—Buffeted by head winds and delayed by calms, the barquentine Conqueror, long overdue on a voyage from Los Angeles to Puget Sound ports, was picked up yesterday off Cape Flattery by the tug Sea Monarch and towed to Port Townsend. Although no casualties or serious accidents occurred on the trip, the food supply of the vessel was dangerously low on her arrival. The Conqueror is owned by Hind, Rolph & Co., of San Francisco, and was en route to Puget Sound in ballast to load lumber for the west coast of South America.

The Pacific Mail steamship Santa Barbara, which arrived here yesterday morning, brought 1,000 tons of general merchandise from New York and Baltimore and will load lumber and canned salmon at Puget Sound ports for the outward trip. The Santa Barbara is commanded by Captain Charles J. O'Brien, formerly in the service of the Alaska Steamship Company.

Bringing 1,000 tons of North European cargo, including 500 tons of newspaper paper from Gothenburg, Sweden, the Johnson Line motorship Canada is due here Friday, according to advices reaching local agents of the line to-day.

The Blue Funnel freighter Knight Companion, which is loading general cargo here for the United Kingdom, will shift to Tacoma Thursday and will get away for San Francisco the latter part of the week. The steamship Tyndareus, of the same line, is due here August 14 from the Orient, with a big shipment of silk and silk goods.

The Southeastern Alaska liner Admiral Rogers is scheduled to sail to-morrow morning with 202 passengers for Skagway and way ports. Of the passengers 142 are round trip excursionists.

The time used in Pacific standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The figures for help serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height in feet and tenths of a foot above the average level of lower low water.

Equivalent.—To find the depth of water on the sill of the dock at any time, add 1.65 feet to the height of high water as given.

FAMOUS EXPLORER
IS COMING FROM
ARCTIC REGIONS

Captain Roald Amundsen Abandons Trip Over Top of World in Aeroplane

Machine Disabled, Explorer Gives Up Attempt

Capt. Roald Amundsen, Arctic and Antarctic explorer, was prevented from attempting a flight over the top of the world from Wainwright, Alaska, by a disabled airplane, probably will return to Seattle aboard the trading schooner C. S. Holmes a sailing vessel, according to advices received in Seattle by A. Mathew, vice-president of the Universal Shipping & Trading Company. Lieut. Oskar Omdahl, Norwegian aviator, is expected to return to Seattle with the explorer. Captain Amundsen and Lieutenant Omdahl planned to hop off June 22 from Wainwright for their flight over the top of the world, but the engine of their airplane was disabled during a trial flight and the attempt was abandoned.

On Way to Point Barrow.
The schooner C. S. Holmes arrived in Kotzebue in the Arctic, July 11 from Seattle on her way to Point Barrow. In a letter to Mrs. Backlund in Seattle, Captain Backlund said he expected to remain in Kotzebue three weeks and probably would sail for Point Barrow August 1 via Point Hope and Wainwright where Captain Amundsen's camp is located. In his letter Captain Backlund said he expected Captain Amundsen and his aviator to return to Seattle aboard the Holmes.

Heavy Weather Possible.
Captain Backlund also, to call in Wainwright on his way south but because of the possibility of heavy weather preventing this arrangement, Captain Amundsen and Lieutenant Omdahl may be aboard the sailing schooner on the northbound voyage making the trip with Captain Backlund to Point Barrow, which is seventy-five miles northeast of Wainwright.

The C. S. Holmes sailed from Seattle, May 21, with a cargo of supplies for the little settlements along the shores of Bering Sea and the Arctic.

NEWS IN BRIEF

The purchase of a map of Victoria four times the size of the one at present used in the assessor's office was under discussion at a meeting of the Court of Revision this morning without action being taken.

Prize lists for the Provincial Exhibition to be held at the Willows on September 1 to 3 are now obtainable from the Victoria and Island Publicity Bureau, the Sylvester Feed Co., Yates Street, the B. C. Saddlery Co., Yates Street, or from the secretary, P.O. Box 158. All entries close on August 25.

Daily grass fires are changing the "Broom at Beacon Hill" into a "Black at Beacon Hill." Almost daily for the past three weeks grass fires have drawn the fire department to quell incipient blazes. The burned area is widening until little of the original broom that covered the hill is left. Smokers' carelessness is set down as one of the main causes of these fires.

The monthly meeting of the North Saanich Women's Institute was held in Wesley Hall on Tuesday afternoon. The president, Mrs. Leitch, was in the chair. It was decided to plant trees in Beacon Avenue, starting from Sixth Street to the Wharf, each member undertaking to look after a tree. It was arranged that tenders should be asked for, for fencing the children's park. There was a small attendance.

St. George's Picnic.—The Royal Society of St. George will hold its annual picnic at Mount Douglas Park on Wednesday August 15. Tally-ho's will leave the corner of Yates and Douglas Streets at 2 p.m. Tickets for the same are obtainable from Latfield's Government Street, Jowitt's, 821 Port Street, and Cornwall's, 745 Fort Street. An attractive programme of sports will be provided and some excellent prizes given. To this programme all members and friends of the Society are invited to participate.

The patients of the McBride and T. B. Wards of the Provincial Jubilee Hospital wish to express their grateful thanks to R. O. Taylor of the White Horse motor-stage line for his generosity in taking them for a drive yesterday, and to Mrs. Butchart for her hospitality. The patients were conveyed by Mr. Taylor to the lovely gardens at "Benevenuto," where Mrs. Butchart entertained them. After this the journey back to town was made by way of Mount Douglas Park and Cordova Bay, the patients thoroughly enjoying the delightful trip.

The United Commercial Travelers, Victoria Council, will hold its annual picnic on Saturday, August 18, at Beach House, Sidney. Autos will leave Wharf Street, corner of Bastion Square, at 1:30 p.m. A splendid programme of sports has been arranged and there will be boating, bathing, tennis and dancing. Supper will be served. The committee in charge of the affair includes R. W. Jamieson, chairman, Messrs. E. Rowbottom and M. Hunter, Messrs. E. Rowbottom and M. Hunter, Messrs. W. E. Williams and G. Denholm.

Early Reservations for the Canadian Legion picnic to Deep Bay Saturday point to the first annual outing staged by the organization proving a great success. Tally-hos which leave from the Canadian Legion quarters at one o'clock Saturday afternoon will take the party to the picnic venue and to avoid disappointment all intending to go are advised to communicate with Secretary H. P. Thorpe, before the day of the picnic. The picnicers are asked to bring their own baskets. The Legion will supply sugar, tea and milk. A good programme of sports has been arranged in addition to dancing.

C. H. Revercomb, well known automobile dealer in this city, has now taken over the management of the Westholme Hotel, and is having the place entirely renovated. Mr. Revercomb has lived in Victoria for seventeen years, has had hotel experience in Winnipeg, and is keen to see the new acquisition prove a success. The Westholme is a modern building. A cabaret will in all probability be opened this winter. It has several times changed hands, and the premises were closed for some time. Mr. Revercomb is determined to restore the hostelry to its former fortunes, he indicated to The Times to-day.

PORTLAND STORE EXPLOITS VICTORIA

Attractive Window Display in Main Part of Business District

One of the largest stores on the Pacific Coast, that of Myer Frank Company at Portland has a window devoted to Vancouver Island. Publicity Commissioner George I. Warren was notified to-day. During his recent visit to Portland Mr. Warren saw Aaron Frank, manager of the company, and arranged for a Vancouver Island exhibit in one of the main windows. Material was forwarded by the Publicity Bureau, and the Bureau's representative at Portland writes that six beautiful framed color pictures of Victoria and District are now on display, showing scenes at Butchart's gardens, Poul Bay Beach, trees on the island highway, the scenic loop on the Malahat Drive, picking wild lilacs at Colwood and the Oak Bay Golf Links. They will be shown for a week in the main window along with Victoria-Island literature and other pictorial display matter. The Bureau is gratified at the generous co-operation of the Portland firm, giving an opportunity for the exploitation of Victoria-Island at a part of the city where it will catch the eye of thousands of prospective tourists every day.

BIG ORE SHIPMENT FROM WEST-COAST

Princess Maquinna Brings 150 Tons of Copper Concentrates From Sidney Inlet

In the neighborhood of 150 tons of copper concentrates was brought from the Tidewater Copper Mine, Sidney Inlet, on the Princess Maquinna when she arrived here this morning. The cargo of ore is valued at approximately \$15,000 and will be shipped immediately to the Tacoma smelter.

The mine at Sidney Inlet is running at full strength, and is turning out a good average of copper concentrates without the aid of dynamite, the fact that there was a scarcity of water at the mine, the new flume which has been installed provides an ample supply from the mountains. This flume was built some months ago, and it is a decided advantage to the mining operations. For where there was little or no activity before its building, during the warm weather, the plant is now able to operate at capacity.

Samuel I. Silverman, representing the owning syndicate, has spent some time considering the feasibility making more extensive additions to the mine in the way of new machinery.

THREE BIG PICNICS BEING HELD TO-DAY

Liberal-Conservative Association, Elks, and Weiler Bros.

Favored with good weather for their annual picnic to-day at the Willows Beach, the Liberal-Conservative Association outing to-day drew large numbers, and had every promise of proving a success. J. A. Alkman and a band of energetic workers mapped out a programme full of variety, and containing an appeal to all attending the outing. Special cars to carry the holiday makers to the picnic venue were well filled and there was a big crowd on hand for the opening of the sports programme at 2 o'clock. The band of the Fifth Regiment enlivened the proceedings with sprightly selections. Great interest was centered in the queen contest. Had a prize amounting to \$500 being offered for the two events. W. J. Bowser, K. C. Hon. S. F. Talmie, M.P., and C. H. Dickie, M.P. were among the list of speakers on the programme for this evening.

Elks' Picnic.
 Dancing and sports were among the attractive items on the programme for the Elks' picnic at Indian Head to-day. Tally-hos conveyed the picnicers to their destination, and with thoughtfulness, characteristic of the order, the Elks invited as their guests for the day children from the Orphan's Home.

The annual basket picnic of Weiler Bros. Ltd., was held at Witty's Landing to-day. The party consisted of a journey in tally-hos and a programme of dancing, games and sports was arranged.

POLICE COURT CASES.
 Charged with selling cocaine to Col. Harvey, a six-foot Irish officer of the Royal Canadian Mounted Police, having mistaken him for a drug addict, Lee Sing was remanded in the city police court to-day for judgment to-morrow. The accused denied the charge, admitting, however, that he had gone to look for the drug for the plain clothes man.

NOTICE.
 CORPORATION, DISTRICT SAANICH.
 Notice is hereby given that the West Saanich Road from north of Observatory Road to Keesling Road will be CLOSED UNTIL FURTHER NOTICE.
 R. R. S. SEWELL, Clerk.

GASOLINE TAX IS CONVENTION ISSUE

One of Vital Matters for Victoria at Municipalities Deliberations

A meeting of the legislative committee of the City Council will be called as soon as possible, Mayor Hayward announced this morning, to draw up a list of matters to bring before the convention of British Columbia municipalities at Prince Rupert August 22. The Mayor will ask Alderman Barrett, chairman of the committee, to call the meeting after delegates have been appointed to represent Victoria. The choice has not yet fallen on any two aldermen, and the Mayor is anxious to have two representatives there who will have the subjects which come before the convention at their finger ends.

COLWOOD PIONEER DIED YESTERDAY

Mrs. Alice Weir Had Been Resident of District Fifty Years

Mrs. Alice Weir, a resident of the Metochin district for the past fifty years, died yesterday afternoon at the age of sixty-seven.

When the reverse gear was operated the emergency operation of the one-man control threw open the gates and held them open. Fearing a dangerous panic, the driver released his reverse gear, he said, and this allowed the car to slide forward down the hill. Matheson gave his evidence freely, responding to all questions, but without prejudice to his status in police proceedings now pending.

Dr. Douglas Graham gave formal evidence of injuries sustained by the little victim on Monday when she was struck by a Gorge car, city bound, and died later at the Jubilee Hospital. Mrs. Mabel Barker, the bereaved mother, told the jury that the child had only been outside the house for six or seven minutes and had been playing in the front garden. When next she looked within she saw the car, and ran out. Constance was aged two years and four months. The car passed, and the child disappeared, to be picked up later unconscious some distance down the street. Coroner Hart inquired of the driver, David Hayter, who stood near the scene of the accident greasing an automobile, said he heard no report as if the car had been brought to a sudden stop. He later saw Mrs. Barker running toward the car calling aloud. He saw a bundle lying between the tracks which later transpired to be the little girl.

Benjamin Bowman, 707 Catherine Street, an invalid, stated he heard the accident while in bed. He heard a grinding of emergency gear, but did not see the accident.

LESS HOURS FOR U. S. STEEL WORKERS

Eight-Hour Day to Become Effective August 16

New York, Aug. 8.—The twelve-hour day in the plants of the Carnegie Steel Company, the largest subsidiary of the United States Steel Corporation, will be eliminated on August 16, Elbert H. Gary, chairman of the latter's board of directors, announced.

Workers shifted from a twelve-hour to an eight-hour day will receive a flat increase of twenty-five per cent. in their hourly pay. It was said at the local offices of the steel queen. This means that their hourly pay will be changed from 40¢ to 50¢ and their daily pay from \$4.80 to \$5. Laboring men in the rolling mills will receive a ten-hour shift instead of the present twelve-hour basis and will receive no change in their pay of 40¢ an hour rate.

BRITISH FARMERS WANT BARLEY DUTY

Anxiety Still Displayed Despite Bumper Crops

London, Aug. 8.—(Canadian Press)—Despite the bumper crops in this country this year, the anxiety of the British farmers has not diminished, says The Daily Mail. One cause for this is the Government's failure to impose a duty on foreign barley, as was proposed some time ago.

As to the wheat crop, the farmers' hopes of receiving reasonable prices have been shaken by the news of abundant harvest abroad, the newspaper says. In this connection, the paper adds: "Canada has a largely increased prospective wheat crop, and this extra quantity is quite sufficient to send the price down heavily if any large part of it is placed on the British market. In almost all other countries the wheat crops are good or better than usual except perhaps in Russia. It is not almost impossible for the British farmer to grow wheat without loss if the price is under 35 shillings a quarter. (A quarter is a measure of eight bushels, a bushel of English wheat being reckoned as sixty pounds weight). The price recently has been about forty shillings a quarter, and many farmers regret it is so low still."

RARE MEDICAL CASE.
 Newark, N. P., Aug. 8.—What is believed to be a rare case in medical history occurred here to-day when a young woman, Mrs. Margaret Isherwood, after a Caesarian operation had been performed. The attending physicians declared it was the first time within their knowledge that triplets had been delivered by this means. The triplets and their mother were reported in excellent health.

PANIC IMPEDED MOTORMAN'S WORK

Evidence at Inquest on Constance P. P. Barker Jury Finds Verdict of "Accidental Death"

Panic, following a loud explosion made by the circuit breaker when he sighted the little child coming towards the car, and threw in the reverse, and all brakes impeded his operations, explained Operator Daniel John Matheson, at the inquest on the body of Constance Primrose Pearl Barker at the Sands Funeral Parlors this morning.

Death Was Accidental.

The inquest, held under Coroner E. C. Hart, was attended by a large number of people, including four lawyers, representing different persons in the occurrence. The jury listened to evidence for two and a half hours, but were out ten minutes before returning with a verdict of accidental death.

Sighting the girl ahead on the road and about forty feet from the car the motorman threw in his reverse, he stated. Taken on the down grade the car blew out its circuit breaker, which created intense smoke and flame. The blowout was accompanied by a loud explosion. Some fifteen women passengers were riding in the car. One ran forward and clutched his arm, crying out that the car was on fire, and to let her out.

When the reverse gear was operated the emergency operation of the one-man control threw open the gates and held them open. Fearing a dangerous panic, the driver released his reverse gear, he said, and this allowed the car to slide forward down the hill. Matheson gave his evidence freely, responding to all questions, but without prejudice to his status in police proceedings now pending.

Dr. Douglas Graham gave formal evidence of injuries sustained by the little victim on Monday when she was struck by a Gorge car, city bound, and died later at the Jubilee Hospital.

Mrs. Mabel Barker, the bereaved mother, told the jury that the child had only been outside the house for six or seven minutes and had been playing in the front garden. When next she looked within she saw the car, and ran out. Constance was aged two years and four months. The car passed, and the child disappeared, to be picked up later unconscious some distance down the street. Coroner Hart inquired of the driver, David Hayter, who stood near the scene of the accident greasing an automobile, said he heard no report as if the car had been brought to a sudden stop. He later saw Mrs. Barker running toward the car calling aloud. He saw a bundle lying between the tracks which later transpired to be the little girl.

Benjamin Bowman, 707 Catherine Street, an invalid, stated he heard the accident while in bed. He heard a grinding of emergency gear, but did not see the accident.

With Cat in Arms.

Harry Bowman, a child of seven years, appeared to be the only eyewitness of the accident. He said he saw the car come down the hill and strike the little girl. The little girl, he saw, wandered towards the car with a cat in her arms.

Wong Ping, a Chinaman, saw the accident from a distance but did not notice the actual impact. He saw a child on the sidewalk before the event, and the baby being taken away later.

James H. Hawthornthwaite, a passenger in the car, saw the child coming towards the car at an acute angle. He got nervous when the safety of the child, but feared to call out, thus distracting the attention of the driver.

The driver was looking ahead all the time, but the sun may have been in his eyes, thought witness. All at once he heard a rumbling noise and thought it was the child under the car. At that instant the circuit breaker exploded with an unusually loud report. The car was traveling slower than usual, about ten to fifteen miles, he would say.

Col. Ralph Andros stated he heard the circuit breaker blow out with considerable flame and smoke. He heard a woman scream that the car was on fire, then voices saying a child had been run over. The car was going slower than usual, about ten miles an hour, he would say.

Coroner Hart instructed the jury, which returned in about ten minutes with its verdict. The verdict found that the only one guilty of the circumstances was the driver, and the circumstances agreed the coroner in accepting it.

The proceedings were watched by the relatives of the little victim and by counsel for the principals involved, Inspector Rae, from the Provincial Department of Railways, and City Prosecutor C. L. Harrison were also present.

Messrs. Edward Humphreys, foreman A. H. Steer, Stanley Wallis, F. Gould, Fred Attwell and Charles Revercomb acted on the jury.

AUSTRALIA GETS BOY IMMIGRANTS

Sydney, N. S. W., Aug. 8.—(Canadian Press Cable).—The welfare officer of the ship Themistocles, which has just brought a party of British boy immigrants here, says that Australia should be proud to receive the boys. Many of them have come of good families, he says, and are well educated. They are of exemplary behaviour and of splendid spirit.

SHIPPING MEN PARTIALLY SOLVE GREAT LAKE PROBLEM
 Conference Held Between Exporters and Shipping Men Make Decision

Winning, Aug. 8.—(By Canadian Press).—Partial solution of the Great Lakes shipping problem was reached here this afternoon, following an informal conference between exporters and shipping men with the Grain Commission. L. H. Boyd, chairman of the Commission, said that an agreement had been made by the two interests on clauses in the new Lake Freight Act. Grain men were hopeful it would result in the appearance of plentiful supplies of American grain boats to handle the fall run on the Great Lakes this year.

Agreement was reached at the conference that under the new Act shipping firms would not have to file rate tariffs, but would merely have to file copies of their contracts. Provisions in the Act making it necessary to file tariffs of rates was stated at the morning session between the board and the shipping and exporting interests here to be the main obstacle in the way of bringing a plentiful supply of grain boats to Port William.

It was stated the American firms would be asked to agree to the new proposals, and Chairman Boyd and G. S. Wrong, of the Bureau of Statistics, would leave Wednesday for Ottawa to discuss the matter with the Government.

The next regular meeting of Pythian Sisters No. 5 will be held on Thursday evening at 8 o'clock, at the K. of P. Hall.

Phil Taylor Turns In A 6 At Oak Bay

Open Champion of Pacific Northwest Sets What Is Believed to Be a World's Record For Courses of Over 5,500 Yards; Phil Came Home In 28 and Only On One Hole of Tricky Course Did He Exceed Par; Every Shot Perfect

What is believed to be the world's record for any golf course of over 5,500 yards in length was established on the links of the Victoria Golf Club at Oak Bay yesterday when Phil Taylor, the club's brilliant professional and open champion of the Pacific Northwest, turned in a card of 61—or seven under par. John Galt, formerly president of the Union Bank of Canada, was playing with Phil at the time of his record-breaking performance.

From the first tee shot Taylor's game was perfect. Long straight balls all through the fairways and deadly putting on every green were remarkable for almost unparalleled consistency.

Only on his tee shot at the second did this tricky course offer him any trouble. Here a long and slightly hooked ball failed to get in its curve until it had caught the end bunker on the right, where it came to rest and prevented him from reaching the green with his second.

Here is the remarkable card:

Out 453 444 333 — 33
In 243 432 324 — 28

Par is 34 out and 34 in, and only on one hole did he exceed it.

Had Twenty-Nine Before

It should be mentioned here that while this is the first time that Taylor has turned in a card of under thirty for the second nine, he already has to his credit a twenty-nine for the outward journey, and that remarkable score was accomplished early in December, 1921.

For a long time the record for the difficult Oak Bay course was held by the famous Ted Ray, who, when playing there a few years ago, missed a short putt on the eighteenth green for a 67. His sixty-eight, however, remained the low mark until Phil Taylor equalled it two years ago and then put it behind with a sixty-five last year.

Recalls Famous Round

Yesterday's performance calls to mind the famous round which the celebrated George Duncan played over the course at Lucerne, Switzerland, some years ago. On this occasion he started the natives with a round of fifty-six. While this was heralded as a marvelous performance, and is often cited as the lowest score ever made for eighteen holes, it must be remembered that the course at Lucerne is a fairly simple one and only just exceeds 4,000 yards.

Consequently, even with sixty-three and sixty-four for courses of 4,000 yards and over, Phil Taylor's sixty-one at Oak Bay yesterday easily ranks as one of the finest, if not the finest, scores ever made since British Parliament was decreed that "that golf be 'utterly cryt done, and nocht usit'" in the year 1457.

YACHT RACES POSTPONED AT COWES TO RESUME SATURDAY

Cowes, Isle of Wight, Aug. 8.—The series of races between the British and United States six metre yachts for the British-American cup, postponed because of the death of President Harding, will be resumed on August 11 and 13 at Cowes and on August 14 and 15 at Ryde.

HEDGES TAKES LEAD IN CHESS TOURNEY

Lake Hopatcong, N.J., August 8.—A. B. Hedges, of New York, took the lead yesterday in the master's tournament of the ninth chess congress at the Hotel Alhambra, by defeating Chagres of New York in a hard-fought game. Schapiro, of New York, won from Palmer, of Toledo, and Tenner, of New York, won against Morrison of Toronto.

JUNIOR BASEBALL

The Pirates added yet another victory to their credit last night when they walloped the Gorge nine at the Central Park by 24-2. The piratical crew knocked the offerings of Bond, the Gorge pitcher, to every corner of the lot.

The game was closely contested until Darcy, shortstop of the Pirates, soled out a home run with the bags full. Cameron, Darcy and Walker were the home run hitters.

The next game will be on Friday night when the Pirates will stack up against the Rays.

HARD TO GET WINNER

Windor Ont., Aug. 8.—Fort the first time since the opening at Devonshire park of the grand circuit meeting that heats were required yesterday to decide the winner of an event. This was in the 216 pace, when Brownie Hal took the third and fourth race over the favorite Jane R., which won so handily last Saturday.

Glen P. scored the greatest upset of the meeting in the second heat. After finishing out of the money Saturday and finishing seventh in the first heat to-day, the Michigan gelding raced gamely all the way to win the second.

PHENOMENAL GOLFER

PHIL TAYLOR

who yesterday turned in a card of 61 for the 18 holes at the Victoria Golf Club.

FIRPO HOOKS UP WITH NEW TRAINER

Bringing Man From Buenos Ayres to Groom Him for Dempsey Bout

Indianapolis, Ind., Aug. 8.—Hortio Javello, of Buenos Ayres, will train Luis Angel Firpo for his bout with the heavyweight champion Jack Dempsey, in New York on September 14. It was announced here yesterday by G. W. Widmer.

Widmer had stated earlier that Jimmy De Forrest, veteran American trainer, who has had charge of Firpo since the Argentine forced to the front of the heavyweight aspirants would not prepare him for the championship match, but did not name his successor. De Forrest is generally credited with having taught Firpo the fine points of boxing. Widmer added that there had been no break with De Forrest.

Firpo concluded his training yesterday afternoon for his ten-round bout here to-night with Joe Downey, of Cincinnati. He announced his weight was 214 pounds.

White Sulphur Springs, Saratoga Lake, N. Y., Aug. 8.—Road work, a swim in the lake and a stroll among the foothills of the Adirondack Mountains, rounded out the day for Jack Dempsey, heavyweight champion, who soon will begin training here for the bout with Luis Angel Firpo.

The champion and his trainer tried out the hill and dale road which reaches back from the Dempsey camp early yesterday morning, then took a plunge in the lake and spent the morning in resting and watching construction of the new training ring and bag platforms. In the afternoon a stroll and a rest by the lake shore, filled in the day with a run to Saratoga Springs by automobile as the chief excitement.

There will most likely be a shake-up in the western team when they take the field, Fowler, who did not show up very well in Monday's game will probably be transferred to the wing, while Hines, who was unable to play before owing to being incapacitated, will play centre forward.

The Montreal team is expected to be the same.

Manager of both teams express confidence in the outcome of to-day's battle, which is expected to be viewed by another capacity crowd.

EDMONTON GOLFER WINS GOLF CROWN

D. Sutherland Captures Saskatchewan Championship With Score of 149

Regina, Aug. 8.—D. Sutherland, of the Edmonton Country Club, won the Saskatchewan open golf championship for the second year in succession on the Wascana Country Club course to-day. His total for the thirty-six holes was 149, the result of consistent golf in which steadiness was the predominant feature. He was followed by J. Land, of the St. Charles' club, Winnipeg, with 150.

A. Marling, of Regina, and G. Holden, of Elmhurst Club, Winnipeg, were tied at 151 for third place. Holden turned in the lowest score of the day at 153. He maintained brilliantly over the first twelve holes, but his threat on the course record and his championship faded away as his weakness on the green toward the last lost him the advantage.

Two leading amateurs were Kidd, of Shaunavon, and Middlemas, of Regina, both of whom had cards of 152. The amateur championship of the Province commences to-day, when competitors will meet in match play.

TORONTO RIFLE SHOOT

Toronto, Aug. 8.—Major D. T. McManus, Alberta, shooting in the Duke of Cornwall and York match at the Ontario Rifle Association yesterday made 62 out of a possible 70. Four Ontario riflemen are tied for first place with scores of 66 each and will meet for the silver bronze medals on Friday.

The ladies' challenge cup was won by the Forty-eighth Highlanders of Canada, shooting in the Duke of Cornwall and York match at the Ontario Rifle Association yesterday made 62 out of a possible 70. Four Ontario riflemen are tied for first place with scores of 66 each and will meet for the silver bronze medals on Friday.

PADDLERS TO COMPETE.

Ganongue, Ont., Aug. 8.—Paddlers from many parts of the United States and Canada will take part in the 44th annual race of the American Canoe Association, which opens on Friday at Sugar Island in the Thousand Islands. The big regatta day of the meet will be on August 18, when the final paddling event will be held.

Polo Team Picked To Meet Portland Champs

Officials of the Canadian Amateur Swimming Association have selected the team which will represent Victoria in the water polo game against Portland for the Pacific Northwest championship at the V.I.A.A. pool on Saturday, August 18.

Most of the players selected are fast men and have played considerable water polo. John McNeill, who has performed on many clubs both here and in the Old Country, will captain the side. Irvin Blyth, of the V.I.A.A., will play goal, while the other members will be Gus McKinnon and Jamie Cameron, of the V.M.C.A.; Langton Plumb and Tommy Weiburn, of the V.A.S.C., and Jack Barlow, of the E.C.C. The reserves will be Jackie Clyde, E. Moore, D. Balnave, E. Worth and E. Squire.

Workout This Evening

The team will hold a practice this evening at 7:30 o'clock at Curtis Point and will provide a practice game for the "rep" squad: Johnnie Larsen, H. Hanbury, H. Buller, A. Davies and T. Barrett. The reserves of the team are asked to attend and will be given a workout.

Portland has a splendid water polo team and expects to retain the trophy which it has held for some time.

Giants Again Humble Luque And the Reds

Star Pitcher of National League Again Trimmed By New York; Hard Hitting

New York, Aug. 8.—The Giants won the fifth game of their series in Cincinnati yesterday, 6 to 2. A flinty attack by Adolfo Luque, the Red's Cuban pitcher, on Casey Stengel's head, was the feature attraction.

It was the second straight defeat of Luque by New York after the Cuban had previously hung up three straight wins over the Giants. Luque is the leading pitcher in the National League with 17 wins and 5 losses. In Pittsburgh, the Phillies continued their winning streak by beating the Pirates 7 to 5, while St. Louis won from Boston, 7 to 5.

A thrilling pitcher's battle in which eight pitchers took part was staged in New York. The Browns, by using five hurlers to the Yankee's three, won 12 to 10.

The Indians slaughtered the Senators, 22 to 2, while the Athletics at home beat the White Sox, 6 to 2.

GAME LEADER GOES

LEE FOHL

St. Louis, Aug. 8.—When the St. Louis Americans take the field at New York this afternoon they will be piloted by a new manager, the veteran, Jimmy Austin, appointed yesterday after the release of Lee Fohl.

George Sisler, the team's star first baseman, will be the new manager of the club. Fohl's reported refusal to back up Dave Danforth, after the latter had been suspended for alleged discoloreding of a pitched ball, was believed to have been the cause of his being released at this time.

COLWOOD LADIES TO PLAY FOR NEW CUP

Lieut.-Governor Presents Fine Trophy for Club Championship; Opens Oct. 1

The Lieutenant-Governor has presented a handsome silver cup for the Colwood Golf and Country Club for the ladies' championship. The trophy will be played for on October 1.

October has been chosen for the match play to commence on Monday, October 1, and to continue on successive days. As the championship has been inaugurated with a view to stimulating interest among all the lady members, including players of both "A" and "B" classes, it has been decided to eliminate the usual qualifying round. Players will be drawn from among all the entries. A fee of 50c will be charged for entry.

Entrants are requested to notify Miss Hayward, or Miss Noonan, or a registrar at the club house as soon as possible.

American Tournament

An American tournament has also been arranged for ladies members. It will be played on handicap between August 20 and October 27. Under this plan every player in the club will play every other lady member, the winner of the most matches to be the winner. Entries for this may be made without delay to Miss Hayward or Miss Noonan or registered at the club house.

The monthly medal competition will be held to-morrow.

GALA SUBSCRIPTIONS

The subscriptions to date for the V.I.A.A. international water polo game on August 17 and 18 are as follows: City of Victoria, \$150; Lieutenant-Governor, \$100; Colwood Golf and Country Club, \$25; Hudson's Bay Co., \$15; Victoria, \$10; W. H. Mearns, \$10; Rennie & Taylor, \$5. Total, \$265. Subscriptions may be sent or left at 641 Port Street.

AMATEUR UNION IN EAST TAKES ACTION

Suspends Secretary and Committee for Accepting American Entries

Toronto, Aug. 8.—At a meeting of the registration committee of the Ontario branch of the Amateur Athletic Union of Canada, last night, A. T. Taylor, secretary of the London, Ont., branch and the championship committee were suspended as a result of their acceptance of entries from athletes who were residents of the United States, for the Ontario track and field events championships at London, Saturday.

SURREY AND YORKS WIN CRICKET GAMES

London, Aug. 8.—Following are the results in the latest matches in the county cricket championship series: Surrey defeated Nottinghamshire on the first innings.

Warwickshire defeated Derbyshire in the first innings.

Essex defeated Worcestershire by eight wickets.

Somersetshire defeated Gloucestershire by eight wickets.

Leicestershire defeated Northants by an innings and 115 runs.

Sussex defeated Middlesex by nine wickets.

Gloucestershire defeated the touring West Indies team by forty-three runs.

ANOTHER CADDY KILLED

Chicago, Aug. 8.—Nels Lindas, 10-year-old caddy at the Westmontland Golf club was struck and instantly killed by lightning during a storm here to-day. The bolt which killed the caddy stunned four golfers near whom he was standing. One of them was not revived for nearly two hours.

Four Centuries In Second Day's Play

Cobbett Makes 147 For British Columbia Against Saskatchewan, While Felstead, Thompson and Meston Made Their Hundreds in Alberta-Manitoba Match; B. C. Scores Second Win, While Manitoba Records Sensational Victory

Vancouver, Aug. 8.—Four centuries were scored in the second day's play of the Western Canada cricket tournament here yesterday. Three centuries were compiled in the match between Alberta and Manitoba, while Major Cobbett, of Victoria, playing for British Columbia against Saskatchewan, played a splendid innings for 147, the record for the tournament so far.

British Columbia hung up its second straight victory by accounting for Saskatchewan. The victory was due entirely to Cobbett's sensational work, the final score being 257 to 199.

Manitoba had an easy time disposing of Alberta. Alberta put on 217 in its first innings, but found the bowling easy and surpassed the total without losing any wickets. Felstead was responsible for 87 out and Meston caught within one of that total when the innings was declared closed. Thompson, for Alberta, had 106.

Saskatchewan won the toss from British Columbia and batted first. Cocks and Mundy opening to the bowling of Dobbie and Leighton. One change was made in the B.C. team, Honball being dropped in place of the Cowichan star, Dobbie.

The start was disastrous for the B.C. team, with only four runs scored. Mundy was clean bowled by Dobbie.

With Vidal in, Dobbie proceeded with his destructive work and his third ball dislodged Vidal's balls, the total remaining the same—4, 2, 0.

Cocks gave Vidal a chance to hit the slips off Dobbie, which was not accepted.

Pike, who partnered Cocks, had a short stay, being taken at the wicket off Leighton. The bowling was good and Dobbie especially was in form.

The first boundary of the match was made by Cocks, who knicked one from Dobbie. The next came from the bowler, who bowled Cocks with a really corking ball. The outgoing batsman had shown great courage and looked like settling down.

O'Hara and Foster were now together. The first named batsman at once proceeded to dominate the ball, with the result that Wilkinson came on to bowl in place of Leighton.

Brook stepped O'Hara when 14 off Leighton, and the next incident was when Rivers relieved Dobbie. The score meanwhile had been increased by 10 runs.

O'Hara scored very freely and made some beautiful drives to the boundary. He ultimately fell a victim to the bowling of Leighton, striking across the ball. His inning lasted for thirty-nine minutes and included five boundaries. The partnership with Foster had been productive of 63 runs.

With the score at 96 Leighton relieved Cobbett. Rivers was bowling well and with the score at 130, O'Hara was splendidly stumped by Killick off that bowler. The outgoing batsman had contributed a well-placed boundary.

Dobbie relieved Leighton at 137. After bowling eight overs Rivers gave way to Bullen.

Foster completed his 50 after batting an hour and eighteen minutes. He played excellent cricket.

Cades was bowled by Dobbie with the score at 161. The bowler had been in the attack for some time, and the batsman was never comfortable.

Wilkinson came on in place of Bullen and with his first delivery bowled Murray.

Holmes, the incoming batsman, survived an appeal for lbw by Wilkinson, and with the score at 170, O'Hara was splendidly stumped by Killick off that bowler. The outgoing batsman had contributed a well-placed boundary.

Play resumed at 130, Dobbie and Wilkinson opening. Leighton, who had almost immediately relieved Wilkinson, the score having been advanced to 194, and Cobbett came on, replacing Dobbie.

Leighton was responsible for the dismissal of Holmes, who played good cricket for his 18. The catch was off the boundary, and the new ball was well taken.

The innings brought to a close when Rivers clean bowled Saunders. It had taken British Columbia just half an hour after the first wicket, the last two wickets. The inning closed at 2 p.m. and lasted altogether two and a half hours.

British Columbia Starts

After the usual warm-up, British Columbia opened its innings with Eaton Shore and Broadfoot at 215 to the bowling of Holmes and Vidal. Again a sensational start was made, for with only three runs scored Eaton Shore put one into the slips where Vidal held the catch. Cobbett arrived and at 12 disaster again befell the home team, for Broadfoot was beaten by Holmes, and Bullen came in. Holmes was trundling in fine form and had the batsmen in difficulties. Cobbett hit Holmes to the leg boundary and then survived an appeal for lbw from Holmes. Cobbett twice left his crease and drove Vidal off the boundary. The first wicket in the attack occurred when Foster replaced Vidal, the score being 35. Both Pike and Vidal came in for appeals, their batting being sensational. The score rose steadily, and 50 appeared after one hour and thirty-five minutes' batting.

Holmes was bowled by Vidal, being taken by Rivers. Cobbett shot two beauties to the leg boundary, and then survived an appeal for lbw from Holmes. Cobbett placed his third ball to the fine leg boundary. After making six Rivers drove Holmes to the "on boundary" where Mundy made a brilliant catch on the boundary rails. Another change was made in the bowling, Williams coming in place of Pike.

Amid applause, Mundy completed his half-century in fifty minutes, really splendid scoring considering the class of bowling.

Holmes then claimed another victim in Barrs, the skipper being given out lbw, and Holmes, with the score at 88.

Curie arrived and he and Cobbett

played beautiful cricket together. The score rose chiefly through the superb human effort of Cobbett who at the tea interval had scored 68, Curie having scored 7 and the total was 114 for 5 wickets.

On a restart being made at 425 Vidal bowled to Curie who fell a victim to this bowler on the fifth ball bowled.

Holmes bowled at the other end and Dobbie, who went in at the fall of the wicket, was bowled by Holmes before he had scored. Killick arrived.

The fielding of the Saskatchewan eleven was brilliant in the extreme. Cobbett opened up once more and drove Vidal to the leg boundary with a glorious stroke and later shot Holmes through cover and then cut him for a three through the slips. With his score at 93 Cobbett drove a hard one at Cocks at mid-on, who dropped it. Vidal was the best to suffer in. In the next over Cobbett gained applause by a brilliant stroke through cover, completing his century after batting one hour and forty minutes.

Foster relieved Vidal of the leather and it looked like being a close finish. Cades went on in place of Foster and Cobbett placed the first delivery to the leg boundary. The score rose rapidly and with 195 on the board Murray replaced Foster.

Cobbett played brilliant cricket and brought the crowd to its feet with a fine drive to left winning the match amid great excitement.

Cobbett at Last Beaten.

Cocks went on in place of Holmes, the first change for that bowler who had bowled beautifully for 37 overs. Cobbett was bowled after contributing an invaluable 148 completing this huge score in two hours and fifty minutes.

Killick and Leighton hit, along merrily until the last named was out, and the inning was brought to a close shortly afterwards.

Cobbett's fine inning included twenty boundaries and one six.

**HALBURTON ST.
PAVING IS ISSUE**

Delegation to Secure Opinion of Government

Nanaimo, Aug. 8.—Amongst communications to the Council at its last meeting was one from Premier Oliver, pointing out that some time ago the government had sent out to the various municipalities details of the proposed Town Planning Act, which Mrs. Smith, M.P.P. had put forward in the last session. He stated that thus far only four replies had been received. He asked the local council to forward any suggestions which they might have to make shortly. This will be done, the matter being left to be taken up in committee. Hon. Wm. Sloan, in reply to a recent letter from the council stated that as yet the Government had not fully decided upon their action regarding Haliburton Street paving, and other districts in the Province similarly situated.

In connection with the above matter Alderman Smith stated he had looked up all data regarding the paving. He was satisfied it had been put through under Clause Nine. He had found a letter from the Government on file, in which they asked Nanaimo's intention, and intimating that unless the city put down the pavement, it was their intention to switch the highway from the City from Chase River through the Five Acres. Alderman Smith moved, and his motion was seconded by Alderman McGarrigle, that a delegation be appointed from the council to again visit Victoria and again take up this matter with the Government. The motion passed. At the same time the delegation will take up the question of needed repairs to the Pitt-William street railway crossing, with Mr. Beasley, of the E. & N.

DUNCAN NEWS ITEMS

Special to The Times.

Duncan, Aug. 8.—Lieutenant R. S. Mainy of H. M. C. S. Patriot stationed at Halifax is visiting his mother, Mrs. Mainy, Duncan. They are visitors at the Quaint Corner, Maple Bay for a week. Afterwards Lieut. Mainy will visit his sister Mrs. Barber-Starkie, Victoria.

Colonel Wroughton, Assistant Commissioner Royal Canadian Mounted Police, Vancouver, was a visitor at Maple Bay, the guest of Captain H. A. Davidson.

Ean Wilkinson and J. Roquet, Vancouver are spending a holiday at Maple Bay.

Amongst the guests registered at the Quaint Corner, Maple Bay, are: J. H. Moody, Duncan; Mr. and Mrs. C. S. Best, Seattle; Stewart Clark, Los Angeles; George West, Seattle; S. Costes and D. C. Hughes, Victoria.

Registered at the Maple Inn, Maple Bay over the week-end were Mr. and Mrs. A. S. Van Vahack, Kansas; Mr. and Mrs. H. G. Lawson and sons, Victoria; Mr. and Mrs. J. L. Patrick, Victoria; Mr. and Mrs. W. M. Scott, Victoria; Mr. and Mrs. F. W. Edmunds, Oakland, Cal.; Mr. and Mrs. T. A. SHOWER FOR LOSER IN JAMES ISLAND FIRE

Friends Help Neighbor Who Lost Household Goods; Personal Items

Special to The Times.

James Island, Aug. 8.—Mrs. R. H. Lyons and Mrs. A. J. Dakin were hostesses last Wednesday at a miscellaneous shower, in honor of Mrs. E. P. Allen, who lost most of her household goods in a recent fire. Mrs. Lyons kindly lent the grounds adjoining her house for the occasion, a delightful tea and other refreshments were served during the afternoon, which was thoroughly enjoyed by the invited guests.

Miss McNaught, of Sidney, is visiting Miss Eyles for a few days.

Mrs. T. Harper, of Victoria, was the guest of Mrs. H. Wilmott all last week.

Mr. and Mrs. R. H. Lyons entertained a few friends to dinner at their home last Sunday.

Miss Hunter, of Nelson, was a visitor here last week, and was the guest of Miss E. Bradley.

Mr. and Mrs. Winter and daughter, Margaret, have been spending a few days holiday in the city.

Mrs. H. Burrows entertained a few friends to tea last Tuesday afternoon.

Mr. and Mrs. J. Malcolm are spending a week's holiday at Cameron Lake.

Mr. and Mrs. D. Rogers, of Vancouver, are spending a few weeks holiday with Mr. G. P. Allen.

Miss Ethel Rowbottom is spending a few weeks holiday with friends in Nanaimo.

Miss Daphne Moore is spending a few days with her grandparents in Victoria.

METCHOSIN NEWS

The Farmers' Institute of Metchosis is planning to hold a potato field day in Metchosis and district on Friday, when Cecil Tice, potato inspector of the Department of Agriculture, will give a lecture and demonstration of certified seed potatoes. The demonstrations are open to all and it is planned to commence with the inspection of all the certified seed grown by the Whitney-Griffiths Bros. at "The Grange," Metchosis, to follow with an inspection at some other point at Metchosis and on to Alberni. The afternoon will be spent from thence to Gordon Head and Keatings, finishing up at the Government experimental farm in the evening.

Over thirty tennis enthusiasts, members of the Metchosis Tennis Club and their friends, took part in a tennis tournament played on the American plan on Monday afternoon. The four players holding the highest points at the conclusion of the tournament were A. D. Ellwood, Dr. C. P. Brown, W. L. Whitney-Griffiths and Miss Nancy Dunn, who then played a set to decide the winners. Miss Dunn and Mr. Whitney-Griffiths proved the victors by six points to five.

PIONEER RESIDENT PASSES

Mrs. Alice Weir, widow of the late Adam Weir, and an old-time resident of Metchosis, passed away on Tuesday morning after some months of illness. Mrs. Weir was a sister of Alice and the late Arthur Peatt, of Colwood.

LARGE CONVENTION IS IN PROSPECT

Municipalities Will Be Well Represented at Vancouver

Twenty-eight municipalities of the Province have already forwarded their 1923 membership dues to the Good Roads League and named the delegates to the annual convention, which will be held in the Board of Trade rooms, Vancouver, on Monday, August 20. Other municipalities have signified their intention of having representation, and the prospects are for one of the biggest conventions in the seven-year history of the League. Automobile clubs and good roads branches will also be represented as well as a number of boards of trade.

The largest good roads branch association is now Tofino, with eighty-six members. That branch has a most energetic secretary in John W. Thompson, who started out last Fall to enrol every settler in this West Coast district of Vancouver Island, and has succeeded. The Tofino district settlers are alive to the value of the Good Roads League, since it was at the instance of the League that the Provincial Government was successfully urged to vote \$10,000 to give road facilities to the district, and connection with Port Alberni, and there has been voted this year an additional \$10,000 for the Tofino-Uclulet highway which, when constructed, will give connection with the remarkable West Coast beach, miles of which can be used for motor travel.

James Sloan, Tofino, is president of the Tofino branch, and F. C. Gardner is vice-president.

REPRIEVE PETITION FOR CONDEMNED MAN

London, Aug. 8.—(Canadian Press)—The great interest of the public in Alexander C. Mason, convicted of the murder of Jacob Dickay, a taxi driver, and sentenced to be hanged on August 15, that the petitions which have been circulated asking for a reprieve for the condemned man have at least fifty thousand signatures attached to them.

Toughest Leather Ever Tanned

MEN AND HORSES

How closely related is man to the more intelligent of the animals is seen in many of the ailments to which both are prone and the remedies to which they answer.

Doctors and veterinarians are often-times surprised to learn of the similarity of their methods of handling the ailments of man and beast.

Sprains, burns, scalds, scratches and many other minor injuries, many every-day ailments, too in men and animals take the same course, and both answer immediately to the same treatment—Absorbine.

Absorbine was first discovered by a very close student of the horse, W. F. Young, and by him, devoted to its cause. Its very exceptional benefits, however, were promptly seized upon for the human race and, in a matter of time, the preparation is sold all over the continent today as Absorbine Jr. It is used for men, women and children everywhere as a positive germicide—a germ killer—and a prompt and certain healer of all hurts. It is useful not only for the purposes served by ordinary liniments and embrocations, but as a mouth-wash and for anything else where a germicide is needed. Don't wait until you need it. Get it in the house today. \$1.25 at your druggist's.

(Adv.)

THE TIMES DAILY PICTURE PAGE

LIEUTENANT-GOVERNOR W. C. NICHOL of British Columbia and Randolph Bruce, leader in the development work of Kootenay and Windermere, at the Indian celebration at Invermere following the opening of the Banff-Windermere road. They were honored by the Kootenay Indians who made them an honorary chief and chieftain of their tribe respectively.

PARTNERS IN CRIME!—Confectionery Concessionaires at Glacial National Park chuckle as they watch the many tame ground squirrels hustling about begging peanuts from tourists. It is estimated the veranda pets have buried half a ton of peanuts this season, to be eaten during the coming winter.

CONVICTED MURDERERS ACCOMPANY STATE GOVERNOR INTO CANADA.—The two figures at the upper left are Al Jennings and Constantine Zipriani, convicted murderers, who are accompanying Governor "Vic" Donahey, of Ohio, on a fishing trip to Cobocok, Ontario.

At the right are Warden Preston C. Thomas, of Ohio State Penitentiary, and Governor Donahey. In the centre group, Governor Donahey is shown surrounded by his six sons and other members of his party, including Jennings and Zipriani. Below is Victor, nine-year-old son of the governor.

AFTER GRILLING.—Mrs. Walburga Oesterreich, charged in Los Angeles with the murder of her husband, Fred Oesterreich, wealthy manufacturer, shot to death last August, was photographed immediately after detectives had finished quizzing her. She maintained her innocence throughout the severe questioning.

ROYAL RISE — The latest-Canadian girl to join exclusive royalty is Miss Jessica Brown, former Ziegfeld Follies girl, who was born in Chilliwack, B. C. She now is the wife of the Earl of Northesk, whom she married recently in Chicago.

THE BEY OF TUNIS is on a visit to Paris, where he is being entertained by President Millerand.

THE DEFEAT OF A SHARK.—A nine-foot shark weighing 600 pounds brought in after half an hour's fight against the hook, manila rope and heavy chain that snagged him off Hyannis, Mass. Sharks have been unusually frequent in north Atlantic waters the past several weeks.

STRANGE RIVALS.—Maggie Riley, of the famous Devil Dog baseball nine, shakes hands with "Cookey" Hanniford, rival first baseman of the House of David team, before a recent game at the Polo Grounds, New York.

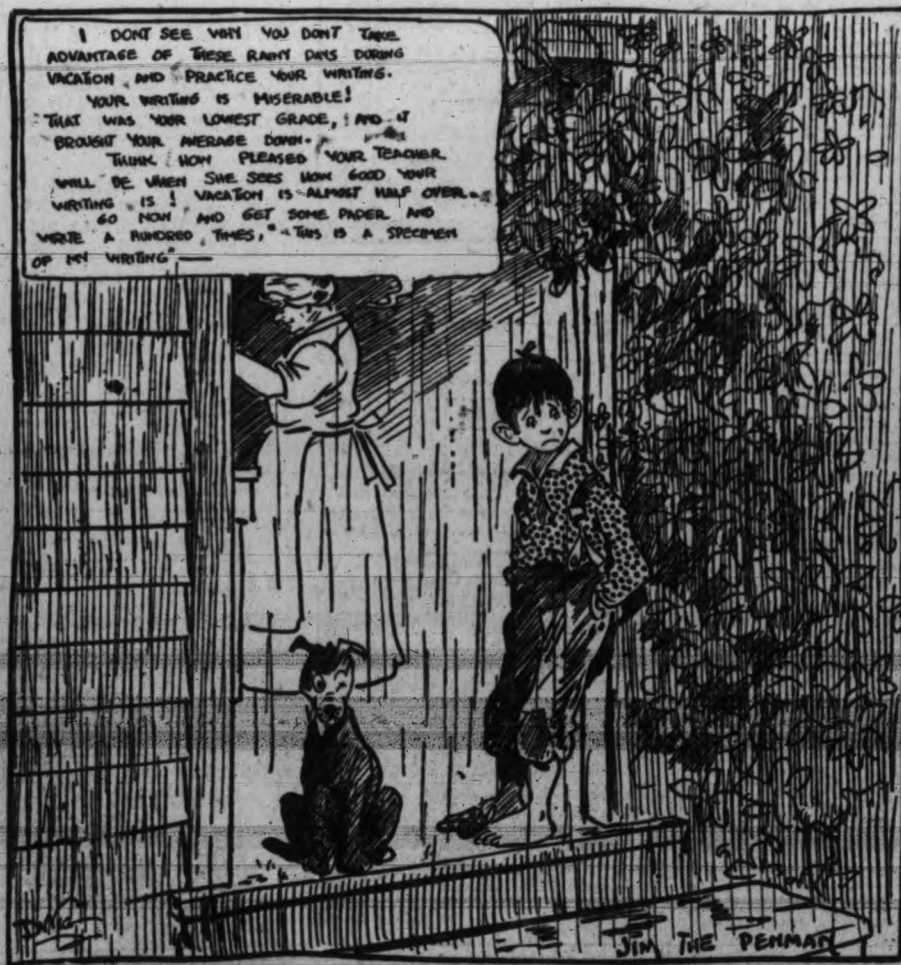

MAKING IT UP — Adaline Rhea, young Texas girl who has been called the "Bernhardt of the Dance," improvising steps at "Idle House," the Vanderbilt estate at Oakdale, Long Island. She studied painting, then switched to dancing. Her foot is so small that she can wear a child's shoe, size 12½.

BUG EAT BUG.—More than a thousand square miles of Pennsylvania, New Jersey and other eastern states are afflicted with Japanese beetles which are destroying crops. Miss Betty Rapp is shown holding a cluster of the insects taken from an apple tree. Below is the "bug station" at Riverton, N. J., where government entomologists are releasing thousands of bugs of various species to battle the Japanese beetle.

CONSULATE TO OBSERVE OBSEQUIES OF LATE PRESIDENT

R. B. Mosher, American Consul, yesterday received through the mails from Washington, D. C., official information relative to the obsequies of the late president and also the rules to be observed with respect to the period of official mourning. This information, together with the rules to be observed in the local consulates, are as follows:

The remains of the late President Harding will reach Washington Tuesday, August 7, and funeral services will be held in the rotunda of the Capitol on Wednesday, August 8. Obsequies will be at Marion, Ohio, on Friday, August 10. That date is appointed by presidential proclamation as a day of special

mourning and prayer throughout the United States. All executive departments will be closed from 1 p.m., August 7, to August 10, inclusive. Flags will remain at half-mast until close of Monday, September 3. There will be no official entertainments until December 1. The Consulate in Victoria will be closed on August 7 after 1 p.m., and all day of August 10.

PLANS SOCIAL DANCE.

The Ladies Auxiliary of the St. Andrew's and Caledonian Society will hold a social dance in their hall, 1230 Government Street on Thursday, from 9 to 11:30. Good music has been secured. The lodge meeting will convene at 7:30 o'clock.

PICNIC POSTPONED

The picnic planned to be held by Victoria Chapter No. 17, O. E. S., on Saturday, August 11, at Langford Lake, has been postponed indefinitely.

LINDEN AVENUE SPECIAL.

FIVE-ROOMED BUNGALOW, \$4,000.

A HOME YOU CAN MOVE INTO WITHOUT spending one cent in the way of repairs. Pretty bungalow, situated on Linden Avenue, within one block from car and a few minutes' walk from the park and beach. It contains entrance hall with cloak room, spacious living-room with large pressed brick open fireplace, dining-room with built-in features, kitchen and pantry with usual built-in conveniences, two bright bedrooms with closet off each, bathroom in white enamel, full sized cement basement, laundry tubs, etc.; large lot, beautiful garden; modest taxes. There is a stairway to an unfinished attic and which could be converted into two good sized rooms.

THIS IS YOUR OPPORTUNITY TO SECURE A HOME IN AN IDEAL LOCATION AT A BARGAIN PRICE.

WANT DATE SET FOR POTATO SHOW

Growing Importance of Industry Pointed Out By Agricultural Group

Emphasizing the growing importance of the potato industry to Vancouver Island, the agricultural development group of the Chamber of Commerce decided last night to urge upon the Provincial Government the importance of the British Columbia Potato Fair being definitely decided upon as an annual event. The first fair was held in Grand Forks, and Victoria has been named this year for the annual show. With the growing interest in the industry, and the organization of potato growers, it is hoped to make this year's fair surpass its predecessor.

J. A. Griffith, chairman of the meeting, pointed out that during the last few years the potato industry had made rapid strides, and the recently formed organization of growers covering the southern part of Vancouver Island promised to do much to help the development of the industry, and to encourage the growing of perfect potatoes.

The group decided to secure the co-operation of the Farmers' Institutes of Vancouver Island in pointing out to the Provincial Government the importance of continuing their support.

to the potato industry, and the necessity of an annual fair. Not only has the industry made great progress on Vancouver Island for local trade, it was pointed out, but the market for British Columbia potatoes is extending, and there is an increasing demand from the southern markets for northern potatoes, including seed potatoes. This demand offered great opportunities for Vancouver Island.

A resolution will also be sent to the Associated Boards of Trade of Vancouver Island, urging the boards to ask the Provincial Government to set a date for the Provincial potato fair in Victoria this year, and to make it an annual event.

COMMISSIONERS TO COME HERE
Alderman Woodward Invites Pacific Coast Park Association

The 1925 convention of the Pacific Coast Park Commissioners will be held in Victoria, Alderman E. S. Woodward, who has returned from the meeting in Seattle, reports. Alderman Woodward was made a vice-president of the Association at the convention. The trees and boulevards of Victoria are far better kept than those of Seattle and other American cities, Alderman Woodward stated. It was the custom in many U. S. cities, he stated, for the property owner to maintain the boulevard in front of his property, but this system he believed, was not entirely satisfactory.

Wading pools for children, as provided in Seattle parks, and municipal golf links are among the features in other cities which were discussed, and with which the Victoria alderman was favorably impressed.

URGES PEOPLE TO BEAUTIFY GARDENS

Victoria Has Finest Growing Climate in World, Says F. J. Cole, Seattle

F. J. Cole, professional gardener of Seattle, who has been instrumental in laying out some of the finest gardens in Victoria, Vancouver and other western cities, urged that the people of this district add to the reputation of their town for healthy living by making their gardens more attractive. Mr. Cole spoke to the Victoria and District Gardeners' Association at the City Hall last night and on the grounds that Victoria was already such an ideal city and that its people should take every opportunity of beautifying it, the speaker suggested the policy of setting out gardens in all parts of the place.

After the business of the evening had been transacted, Mr. Cole said a few words about the advantages of Victoria and the opportunity its residents had of building it up into a wonderfully beautiful town. There was too much similarity among local gardens, the speaker contended, and suggested to the gardeners that all of them try in their work, to be original and keep their work attractive to the public eye by its novelty.

The speaker asserted that Victoria had the greatest growing climate in the world, and that it was in many ways much better than that of California. There is no reason why Victoria could not be made one of the greatest of garden cities.

The Association decided last night that it would not place an exhibit in the Fall Fair, owing to the lack of competition among its members. J. Halstead was chairman of the meeting.

SIDNEY REJOICES AS DR. SUTHERLAND OPENS FINAL LINK WITH CITY

(Continued from page 1.)

Mr. Jackson declared that the opening of the new road was the fulfilment of a vision which he had entertained years ago and which at last had come true. "This road is the culmination of an ideal," he asserted, "and it is a pleasure to see that you people appreciate what some people consider extravagance." Dr. Sutherland remarked: "We didn't consider this road extravagance or we would not have laid it. We don't consider our road work in the interior is extravagant either. As in the case of this road we are trying all over to link up roads, and fill up gaps."

Dr. Sutherland asserted that the installation of the new cement-paving to Sidney was good business, as it cut down heavy maintenance costs. Highway engineers who had toured British Columbia recently had declared that cement roads here were equal or superior to American roads and the cost of installation was lower.

British Columbia's road problem was a difficult one on account of the scattered character of the population. The settlers' need had to be

met, he pointed out. By the end of the year there would be few settlers in this Province who would not be able to reach a trunk road, he declared. Cost of road maintenance was \$50 per year per mile, the Minister stated. This, however, was bound to increase on account of the growth of motor and truck traffic.

"If you want better roads the maintenance cost will have to go up," he said.

Dr. Sutherland said he believed that many tourists who traveled through British Columbia would be so attracted that they would remain here.

Northern Roads.
Dr. Sutherland told of road developments in the north of the Province, where there were road facilities for ten times the present population.

"You now have here as good a road or perhaps a better road than any on this continent," Dr. Sutherland declared.

Dr. Manning proposed a toast to Canada and J. J. Taylor one to the guests.

Alderman A. E. Todd, replying to the toast to the guests, praised Dr. Sutherland's road policies.

"The time has come when we must have a gasoline tax,"
